
Mpumalanga Provincial Government
Department of Education

Annual Performance Plan
for
2019/20

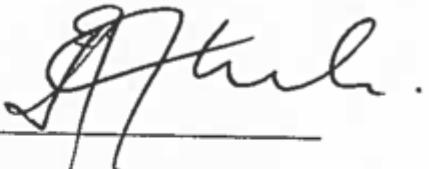

Date of tabling: 10 April 2019

OFFICIAL SIGN-OFF

This Annual Performance Plan

- was developed by the management of the Mpumalanga Education Department under the guidance of the Member of the Executive Council for Education (Mpumalanga);
- was prepared in line with the current Strategic Plan of the Mpumalanga Education Department; and
- accurately reflects the performance targets that the Mpumalanga Education Department will endeavour to achieve, given the budget made available for 2019/20.

1 Vision

Advancing excellence in quality education provision

2. Mission

The Mpumalanga Department of Education commits to work with its stakeholders to promote effective teaching and learning through good governance, capable management and proficient leadership

3. Values

Key corporate values that the Mpumalanga Department of Education intended to provide in the next 5-year period include:

- **Integrity:** Employees to ensure uncompromising and predictably consistent commitment to honour moral and ethical values at all times.
- **Consultation:** Managers and staff regularly consult with all internal and external customers to ensure client satisfaction at all levels of the department.
- **Accountability:** Officials at all levels of the department have set service delivery standards that ensure accountability.
- **Professionalism:** Employees at all levels in the department are committed to the delivery of an equitable and efficient service to all stakeholders in education.
- **Innovation:** Continuously strive to be creative and innovative in the services offered by the department in keeping with the 21st Century.
- **Transformation:** Ensure equal access to services rendered by the department.

4. STRATEGIC GOALS

Strategic Goals of the Department

Access to quality education is a basic human right, entrenched not only in our Constitution, but also in Province adopted agendas such as the Sustainable Development Goals (SDGs), Education for All (EFA) goals, Provincial Vision 2030, etc. The MDG commits Government to halving poverty and reducing unemployment through strategies that upscale the commitment to education.

The Department identified six (6) key Strategic goals to map the way forward for the next five (5) years (2015 – 2020)

Strategic Goal 1	Improve access and provision of ECD
Goal Statement	Improve access to ECD services and quality of provision
Strategic Goal 2	Improve learner performance
Goal Statement	Improve learner performance across the system
Strategic Goal 3	Improve quality of teaching and learning
Goal Statement	Improve quality of teaching and learning through development, supply and effective utilisation of teachers
Strategic Goal 4	Skilled and capable workforce
Goal Statement	Ensure a skilled and capable workforce to support an inclusive growth path
Strategic Goal 5	Improve performance of systems
Goal Statement	Improve performance by streamlining and strengthening systems to enhance quality education delivery
Strategic Goal 6	Create a conducive environment for teaching and learning
Goal Statement	Create a conducive environment for teaching and learning through provision of infrastructure, learning material, school safety and social support programmes

5. FOREWORD BY THE MEMBER OF THE EXECUTIVE COUNCIL (MEC)

As a Province, our vision warrants that we improve education outcomes and opportunities for youth development, which is encapsulated in the Strategic Goal No. 2, "Improve learner performance across the system". In 2019/20 we have again committed ourselves to spending on programmes, resources and human capital that deliver quality education and prospects for the youth to realise their full potential.

The Schooling 2030, the Provincial Vision 2030 and Departmental Strategic Plan for 2015-2020 set out our primary objectives. The objectives contained in these strategic documents seek to improve the quality and quantity of education thus creating sustainable economic growth and development for the province as it all begins with education.

It has now been 4 years since the Departmental Strategic Plan was adopted and we can positively say that we have made progress in establishing the foundation necessary to achieve some of our stated objectives.

Our primary objective of providing quality education to all the learners in this province necessitates a focus on learners in poorer communities. This is evident in all that we do and will continue to do. Curriculum Enrichment Programmes will forever be prioritised by the department as these assist in keeping learners in schools.

Our vision as a department reflects our deep commitment to values that are necessary to ensure quality education for every child in every classroom, in every school. We can only achieve this vision if we adopt a values-driven approach.

Our immediate aim is to create a more effective service delivery oriented environment with special focus on schools. Our ultimate objective is to transform school accountability through evaluating the impact that policies and practices have on behaviour and learning. The intention is to drive school improvement through accountability and continuous support.

Given the long-term effects of poverty and inequality, many of the public schools need extra support with regard to management, teachers and learners, as well as additional financial resources. I would also like to acknowledge the support and collaboration from the private sector as this assists in bringing improved education to poor communities.

The department continues to embrace e-learning. A key benefit of e-learning will be reducing the gap between poor and well-resourced schools, by improving access to the best education resources and support. I believe that e-learning is a game-changer because it will enable all our learners and teachers to access modern technology and other related resources.

I am nonetheless cognisant of the fact that there is still ample to do to address the gap between poor and well-resourced schools and to achieve our outcome of improved basic education, but I am certain that the interventions that we are introducing will improve learner outcomes and assist us in ensuring that all learners receive a quality education that will empower them to follow their desired careers and contribute meaningfully to the economy thus providing them with the dignity they deserve.

In terms of organisational performance, I'm quite pleased about the strides made by the department in the 2017/18 financial year. The department has been struggling for the past 3 years to come out of qualified audit opinion; the 2017/18 year saw the department move from a qualified audit opinion to an unqualified audit opinion. The department is motivated to work harder in order to improve and eventually obtain a clean audit. In addition, as a department we have identified accountability, transparency and innovation as important attributes towards having responsive and credible systems to support education delivery.

Lastly, but certainly not least, I'd like to thank all role players, I must pay tribute to our committed team, for their constructive and innovative approach and on-going commitment to the learners of the Mpumalanga.

While we have had a number of accomplishments in 2018/19 there is much to look forward to as we cast our eyes forward to 2019/20. Every decision taken in relation to education in the Mpumalanga will continue to be informed by the need to improve learner outcomes in this province, and to deliver greater access to quality education.

MR SI MALAZA (MPL)
MEC FOR EDUCATION

6. INTRODUCTION BY ACCOUNTING OFFICER

The Annual Performance Plan is the map for the department; it contains strategic objectives and the indicators we will use to assess our performance. The focus is primarily on the best interests of all learners in the province, to ensure that they have every possible opportunity to realise their potential and contribute meaningfully to society.

Education has large, consistent returns in terms of income and reduces inequality. For individuals, it promotes employment, earnings, health, and poverty reduction. For societies, it drives long-term economic growth, spurs innovation, strengthens institutions, and fosters social cohesion. Indeed, making smart and effective investments in people is critical to develop the human capital that will end extreme poverty.

Our key objectives are to improve the performance of all learners in key subjects; improve results in the National Senior Certificate examinations; and to improve access to quality education in poor communities. This APP lists the activities we will engage in to achieve these and other objectives necessary to ensure the success of the education system as a whole. These include proper management of financial and other resources during a time of increasing austerity and growing numbers of learners. As the budget allocated is not compensating adequately for the growth in learner numbers, we are faced with having to manage growing class sizes and increasing teacher/learner ratios. This poses a direct threat to our ability to improve learning outcome performance.

Ensuring access requires also strengthening quality, while taking into account the specific needs of the most vulnerable, such as children living in fragile and conflicted affected areas, children with disabilities and those who are vulnerable because they are female or from a marginalised community. We also note that these children do not have the support required at home in this regard the department has introduced Learner Support Agents who assist learners from poor communities with homework. We will continue to develop new approaches to ensure that when it comes to education, no one is left behind.

We will work closely with, and actively seek, key partners in government, the private sector and civil society, as well as governing bodies and school management teams, to ensure success despite budgetary and other constraints. We are appreciative of the guidance and support of our highly experienced Audit Committee and Internal Audit and Enterprise Risk Management teams, as well as the support of Provincial Treasury and partners in government to ensure effective and efficient practices.

We are grateful for receiving an unqualified audit in the 2017/18 financial year and we are determined to work even harder in order to obtain a standard of effective and efficient financial and performance management. While managing performance against key indicators is a fairly technical process, we are very much aware that education is about people, especially learners and teachers.

Learners are our point of departure and teachers our most important resource. For this reason, the department will continue to focus on the teacher while expanding its attention to include non-teaching officials. We will continue to listen, to reflect, to acknowledge and to celebrate the province's excellent teachers. We will continue to raise the status of teachers and strive to regain the respect due to them by parents and communities for their dedicated effort in these challenging times.

As we finalise the last leg of the Five Year Strategic Plan and reflect on past performance, we need to up our game as department and remain focused on improving the quality of life for the citizens of Mpumalanga.

Mr JR Nkosi
[A] HEAD: EDUCATION

Part B: STRATEGIC OVERVIEW

1. Schooling 2030 and the 27 Goals

The South African Education Sector Plan is contained in Action Plan 2019: *Towards the Realisation of Schooling 2030*. The plan contains 27 goals; the first 13 deal with learning outcomes; the other 14 goals deal with how these learning outcomes can be achieved.

The accountability system inherent in this plan is linked to the goals and their indicators, and to targets and their milestones. The number of goals is limited; the indicators are expressed clearly and are measurable. The targets need to be 'in range' and should be moving the system forward constantly. They are disaggregated per province and should not be regarded as a ceiling. Whilst national targets have generally been set over the long term (up to 2030), milestones generally focus on desired achievements in the medium term (up to five years into the future). Milestones have not been set for goals 14 to 27, i.e. the goals dealing with the *how* of achieving the learning outcomes.

Goals of the Action Plan to 2019

The Action Plan has 27 goals. Goals 1 to 13 deal with outputs we want to achieve in relation to learning and enrolment, i.e.:

- 1► Increase the number of learners in Grade 3 who by the end of the year have mastered the minimum language and numeracy competencies for Grade 3.
- 2► Increase the number of learners in Grade 6 who by the end of the year have mastered the minimum language and mathematics competencies for Grade 6.
- 3► Increase the number of learners in Grade 9 who by the end of the year have mastered the minimum language and mathematics competencies for Grade 9.
- 4► Increase the number of Grade 12 learners who become eligible for a Bachelors programme at university.
- 5► Increase the number of Grade 12 learners who pass mathematics.
- 6► Increase the number Grade 12 learners who pass physical Sciences.
- 7► Improve the average performance in languages of Grade 6 learners.
- 8► Improve the average performance in mathematics of Grade 6 learners.
- 9► Improve the average performance in mathematics of Grade 8 learners
- 10► Ensure that all children remain effectively enrolled in school up to the year in which they turn 15.
- 11► Improve the access of children to quality early childhood development (ECD) below Grade 1.
- 12► Improve the Grade promotion of learners through the Grades 1 to 9 phases of school.
- 13► Improve the access of youth to further education and training beyond Grade 9.

Goals 14 to 27 deal with the things we must do to achieve our 13 output goals.

- 14► Attract in each year a new group of young motivated and appropriately trained teachers into the teaching profession.
- 15► Ensure that the availability and utilisation of teachers is such that excessively large classes are avoided.
- 16► Improve the professionalism, teaching skills, subject knowledge and computer literacy of teachers throughout their entire careers.
- 17► Strive for a teacher workforce that is healthy and enjoys a sense of job satisfaction.
- 18► Ensure that learners cover all topics and skills areas that they should cover within their current school year.

- 19► Ensure that every learner has access to the minimum set of textbooks and workbooks required according to national policy.
- 20► Increase access amongst learners to a wide range of media, including computers, which enrich their education
- 21► Ensure that the basic annual management processes occur across all schools in the country in a way that contributes towards a functional school environment.
- 22► Improve parent and community participation in the governance of schools, partly by improving access to important information via the e-Education strategy
- 23► Ensure that all schools are funded at least at the minimum per learner levels determined nationally and that funds are utilised transparently and effectively.
- 24► Ensure that the physical infrastructure and environment of every school inspires learners to want to come to school and learn, and teachers to teach.
- 25► Use the school as a location to promote access amongst children to the full range of public health and poverty reduction interventions.
- 26► Increase the number of schools which effectively implement the inclusive education policy and have access to centres which offer specialist services.
- 27► Improve the frequency and quality of the monitoring and support services provided by district offices to schools, partly through better use of e-Education.

In response to the *Action Plan to 2019: Towards the Realisation of Schooling 2030*, the Mpumalanga Department has packaged the 27 goals, related inputs and processes into the provincial strategy and the Schooling Transformation and Reform Strategy (STaRS). This strategy was consulted on with stakeholders and agreement was obtained.

2. **Delivery Agreement (To be updated in line with the new MTSF)**

The Mpumalanga Department of Education (MDoE) is responsible for Outcome 1 - “Improved quality of basic education” - and Outcome 5 - “A skilled and capable workforce to support an inclusive growth path”. As a commitment to delivery of the outcomes, Service Delivery Agreements have been developed. The Service Delivery Agreements provide detail on the outputs, targets, indicators and key activities to achieve Outcomes 1 and 5; they also identify required inputs and clarify the roles and responsibilities of the delivery partners. They spell out who will do what, by when and with what resources. The outcomes apply to the whole of government and are long term. While the Service Delivery Agreements may contain longer term outputs and targets, they include outputs and associated targets that are realisable in the next 4 years.

The province has developed an implementation plan to operationalise the Service Delivery Agreements, as articulated below.

For the 2019/20 financial year and as part of achieving the targets of the Service Delivery Agreements, the province has singled out the following priorities:

OUTCOME1: IMPROVED QUALITY OF BASIC EDUCATION		
OUTPUT	PRIORITY	KEY ACTIVITIES
Improved quality of teaching and learning through development, supply and effective utilisation of teachers	Teacher development & competency	<ul style="list-style-type: none"> Administration of CPTD and IQMS at school level Upgrading of teachers 'qualifications to REQV14 Training teachers on content knowledge Training of teachers on ICT related schools to infuse e-learning in the classroom.
Improved quality of teaching and learning through provision of adequate, quality infrastructure and Learning and Teaching Support Materials (LTSM).	Physical infrastructure and environment of every School meet the required norms and standards and inspire learners to come to school and learn and teachers to teach.	<ul style="list-style-type: none"> Construction of the Thaba Chweu Boarding school Provision of water, electricity and sanitation Construction of classrooms, libraries, labs in line with the infrastructure norms and standards Construction of Gr. R facilities Provision learners with LTSM.
Tracking of learner performance through reporting and analysis of the Annual National Assessment (ANA) at Gr. 3, 6 and 9 level and improving ANA over time to ensure appropriate feedback to learners and teachers and to benchmark performance over time.	A world class system of standardised annual national assessments (ANA) for grades 1 to 9 <i>*ANA is currently being remodelled therefore the 2018/19 APP does not contain ANA activities)</i>	<ul style="list-style-type: none"> Administration of Provincial Common Assessments
Expanded access to Early Childhood Development (covered in Outcome 13) and improvement of the quality of Grade R.	Access to quality Grade R	<ul style="list-style-type: none"> Training ECD practitioners on NQF level 1 and 4 Monitor the training of Practitioners on NQF level 6 Create a suitable environment for Grade R learners through the construction of specialised Grade R classrooms
Strengthening accountability and improving management at the school, community and district level.	Strengthen school management and promote functional schools	<ul style="list-style-type: none"> Strengthen school based monitoring and governance Conduct whole school evaluations
Partnerships for education reform and improved quality	Functioning collaborations between MDoE and stakeholders	<ul style="list-style-type: none"> Formation of strategic partnerships with business to enhance education delivery Use the MEDT as a vehicle for formation of strategic partnerships

3. NATIONAL DEVELOPMENT PLAN (NDP) AND 2019 MTSF TARGETS

The NDP has identified the following sub-outcomes to improve the education performance

Outcome 1

SUB-OUTCOME	2019 MTSF TARGET towards vision 2030
1. ECD	<p>Set the qualifications of Grade R practitioners to NQF level 6</p> <p>Work towards realising two years of compulsory pre-school education</p> <p>Ensure each learner attends Grade R and has access to grade R LTSM</p> <p>ECD Institute fully functional, conducting training & material development</p>
2. Improved teaching and learning	<p>Implement a more effective teacher development programme and develop teacher competency</p> <p>Building capacity of teachers in content knowledge and methodology</p>
3. Capacity of the state to intervene and support quality education	<p>Increased accountability for performance in schools</p> <p>Strengthen monitoring system and capacity of districts</p> <p>Improve monitoring and evaluation of the schooling system through whole school evaluation</p>
4. Increase accountability for improved learning	<p>Establish effective schools accountability linked to learner performance</p> <p>Use an improved ANA for holding schools and districts accountable</p> <p>Establish functioning district offices, that are able to support schools</p>
5. Human resource development and management of schools	<p>Absorb Fundza Lushaka bursary holders into teaching posts</p> <p>Replenishing the current stock of teachers</p> <p>Change the process of appointing principals so that only competent individuals are appointed</p> <p>Improve the management and governance of schools</p>
6. Infrastructure and learning materials to support effective education	<p>Infrastructure complying with minimum norms and standards</p> <p>Increase access to quality reading material</p>

Outcome 5

SUB-OUTCOME	2019 MTSF TARGET towards vision 2030
7. Improved performance of the skills development system	<p>Functional HRD Council</p> <p>Enhance awareness of youth in the Province on scarce and critical skills as defined in the HRDS</p> <p>Increased access to post school funding in critical and scarce skills as indicated in the HRDS and MEGDP</p> <p>Participate and support the Mpumalanga University as it expands infrastructure, academic and recreational programme offering</p> <p>Coordinate the process of recruiting and placement of interns and learners for experiential learning in the workplace</p> <p>Facilitate artisan development initiatives</p> <p>Finalise strategic partnerships with public and private sector</p> <p>Facilitate the development of the Provincial Skills Hub</p> <p>Increase skills development opportunities for the Youth through the Mpumalanga Regional Training Trust</p>

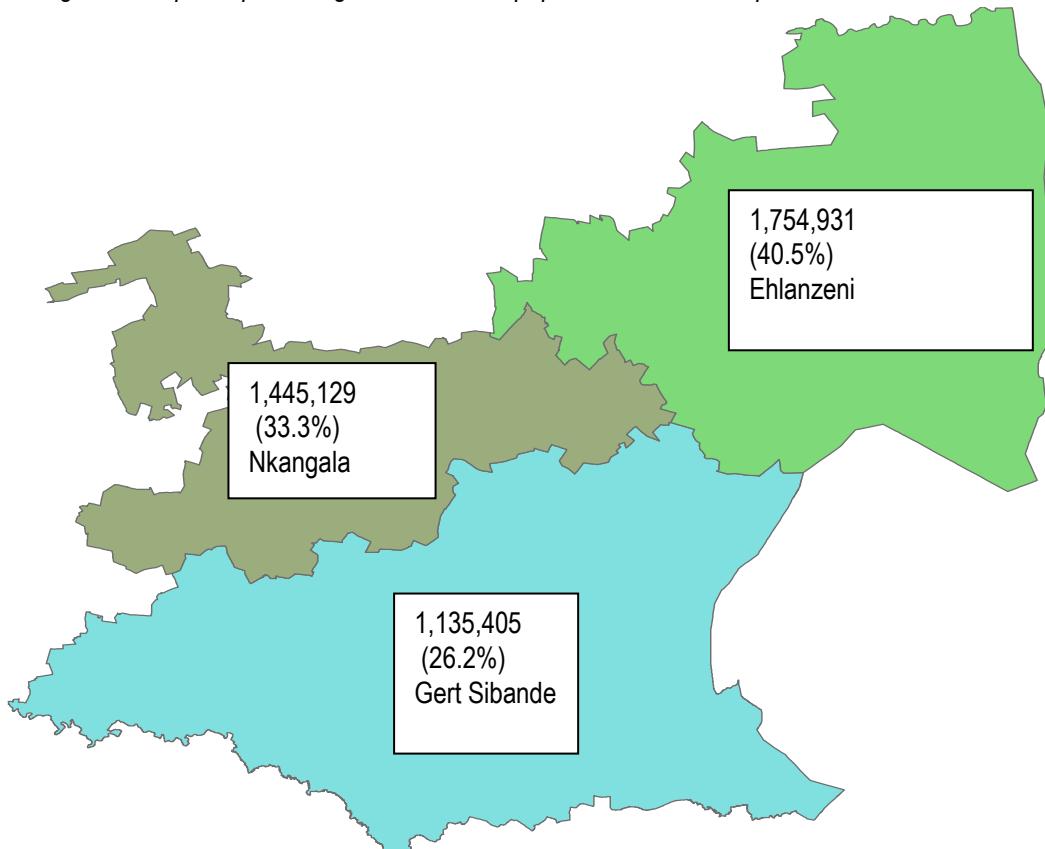

4. UPDATED SITUATION ANALYSIS

4.1. PERFORMANCE DELIVERY ENVIRONMENT

Mpumalanga geographically is situated in the eastern part of South Africa, north of KwaZulu-Natal and borders Swaziland and Mozambique. It constitutes 6.5% of S. A's land area. To the north, it borders on Limpopo, to the west Gauteng, to the southeast the Free State and to the south KwaZulu-Natal. The capital city of the province is Mbombela. The province is sub-divided into three districts namely: Ehlanzeni, Gert Sibande and Nkangala, but in terms of education Ehlanzeni is subdivided into two which makes it to have four education districts namely: Bohlabela, Ehlanzeni, Gert Sibande and Nkangala. "The chronology of the province is brief but the land and the people it encompasses have a history with a depth, vividness and significance that cannot be easily surpassed by the other regions of South Africa" (Delius 2007 p.1).

According to Statistics South Africa's Mid-Year Population Estimates 2018, Mpumalanga's population was 4,5 million or 7.8 per cent of the national total. Mpumalanga registered the sixth largest share among the provinces. Gauteng (25.5 percent) was the province with the largest share of the national population, followed by KwaZulu-Natal with a 19.7 percent share. Northern Cape recorded the lowest percentage share of the national population at 2.1 percent. Mpumalanga's population increased by 187 936 from 4 335 964 in 2016 (Community Survey 2016), whilst the share of the national total remained constant at 7.8 per cent. Mpumalanga was one of two provinces where the shares remained unchanged.

Figure 1: Map of Mpumalanga Province and population distribution per district

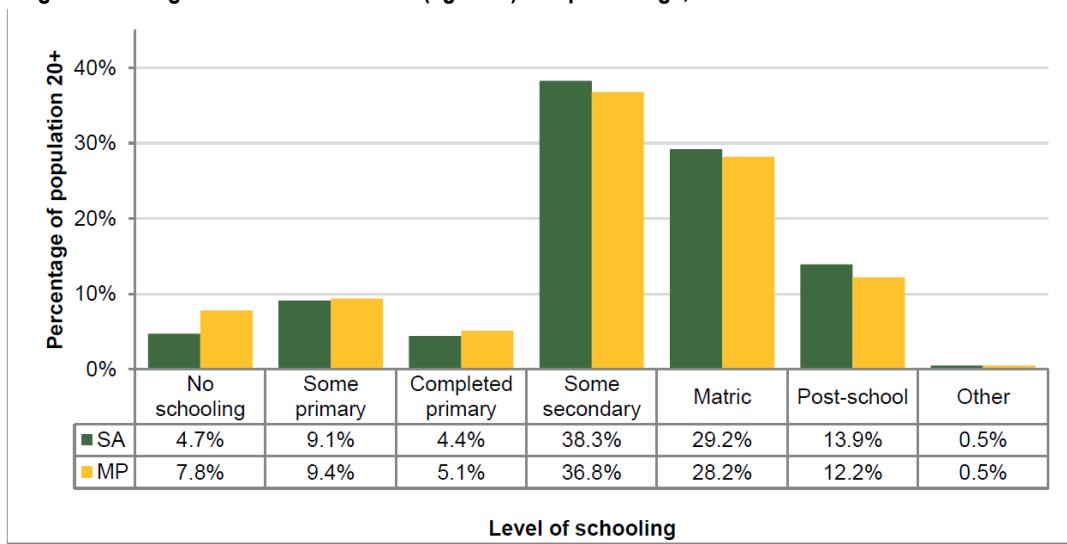

Data Source: STATS SA Community Household Survey 2016

Economic and Social Developmental Challenges and Level of Education

According to the Socio-Economic Review & Outlook (December 2018), Mpumalanga's percentage share of the national population of 57.7 million was 7.8 per cent, or 4.5 million. In total over the last year, Mpumalanga recorded 27 470 more jobs and the province registered an increase of 19 567 jobs over the last quarter. Trade (21.3 per cent) and community services (18.4 per cent) were the two industries that employed the highest number of individuals in Mpumalanga, whereas the utilities industry (3.4 per cent) employed the lowest number. Mpumalanga (32.5 per cent), recorded the third highest strict unemployment rate among the nine provinces. The expanded unemployment rate was 41.3 per cent in the third quarter of 2018. In the third quarter of 2018, the male unemployment rate was 28.3 per cent, the female unemployment was 37.5 per cent and the youth (15-34 years) unemployment rate was 45.2 per cent. By 2017, 7.8 per cent of the people 20 years and older in Mpumalanga had not received any schooling. In 2017, Mpumalanga's Grade 12 pass rate (74.8 per cent) was the sixth highest/fourth lowest among the provinces. In 2017, Mpumalanga recorded a HDI score of 0.61, an improvement from the relatively low level (0.49) achieved in 1996. The poorest 40 per cent of households in Mpumalanga earned 7.7 per cent of income in 2017, which was higher (better) than the national figure of 6.8 per cent for 2017, but lower than the 7.8 per cent share achieved in 2014. In 2017, 46.5 per cent or approximately 2.1 million of Mpumalanga population lived below the lower-bound poverty line of R750 per month. The majority of households (52.3 per cent) in Mpumalanga reported expenditure of less than R2 500 per month in 2017. Mpumalanga's contribution to the national economy was the fifth largest with a share of 7.4 per cent (current prices) in 2016. Mpumalanga's average annual GDP growth of zero per cent per annum between 2014 and 2016 was the second lowest. The forecasted annual growth rates for South Africa and Mpumalanga is projected to remain low and average 1.5 per cent per annum up to 2022. A structural model of Mpumalanga's economy estimates that the provincial economic growth was 1.9 per cent in 2017 compared with 1.3 per cent growth nationally. In 2016, the three largest contributors to the provincial economy were mining (24.7 per cent), community services (16.6 per cent) and trade (15.0 per cent). The November 2018 inflation measurement in Mpumalanga of 4.8 per cent was lower than the national level of 5.2 per cent for the twenty-third consecutive month and below the upper band of the inflation target zone for the twenty-second month in succession.

When Mpumalanga's highest level of schooling in 2017 is compared with the national figures, it is evident that there is less of Mpumalanga's population, over the age of 20 years, at the higher levels of education than what is the situation nationally. For example, 29.2 per cent of the people 20 years and older in South Africa have completed matric compared to 28.2 per cent in Mpumalanga (Figure 4.1.1). On the other end of the spectrum, there is a larger concentration of Mpumalanga's population, over the age of 20 years, at the lower levels of education than nationally.

Figure 4.1.1 Highest level of education (age 20+) in Mpumalanga, 2017

Sources: Statistics South Africa – General Household Survey (GHS) 2017

The department has made considerable efforts to address the urgent challenges that face the education sector in general. The performance delivery environment still requires a lot of dedication, commitment and resolve from educators, learners, officials, parents and communities. Our children's learning outcomes are not satisfactory, particularly in literacy and numeracy. This often hits us hard at the end of the schooling cycle in Grade 12. Through the Delivery Agreements processes, nurturing these skills has become a priority and considerable intellectual investment will be made in this regard. From a provincial perspective, these will be enhanced by focused programmes that address immediate social challenges.

Departmental Strategic Priorities

The priorities of the department are mainly driven by the national and provincial strategic trajectory, and will mainly be dependent on the availability of resources to successfully implement. The Mpumalanga Economic Growth and Development Plan (MEGDP) highlights niche areas which must be harnessed in order to grow the economy of the province thereby improving the quality of life of the people of Mpumalanga. Education is critical particularly basic education in addressing the challenges of poverty, inequality and unemployment. The 2020 plan of the department is a response to the MEGDP and the Provincial Vision 2030 which aims at the following priorities:

- Improving the quality of education thereby ensuring that children are able to read, write and count at appropriate age levels in early grades.
- Ensuring that the quality of passes improves to enable further learning by youth as they access higher or further education.
- Improving the number of learners passing critical subjects – mathematics and physical sciences.
- Reducing the drop-out rate thereby ensuring that learners stay at school and succeed.

While there has been progress in terms of providing quality basic education in the province, accelerated growth in other areas over and above the compulsory schooling programme aimed at increasing and improving access to quality education were introduced. These priorities were:

- No-fee School Programme
- National School Nutrition Programme
- Scholar Transport
- Comprehensive Boarding Schools

Service Delivery Performance Highlights 2017/18 & 2018/19

Service Delivery Performance	
Priority Area	Performance
Learner Performance (Grade 12)	Although the grade 12 performance declined slightly as compared to the previous 3 years, the department is still above the 70% benchmark. The department will ensure that interventions are strengthened and sustained in order to ensure that the province realises the 80% target. The percentage of Bachelor passes increased from 22.9% in 2016 to 23.4% in 2017. 18.8% of learners passed mathematics at 50% and above, a slight decline of 2.2% as compared to 2016 and 23.3% of learners passed physical science at 50% and above a slight decline of 0.7% as compared to 2016.
Early Child Development	Access to ECD has increased from 163 919 in 2016/17 to 165 252 in 2017/18 financial year, which is an increase of 1 333 children. 529 Grade R practitioners are studying towards ECD NQF Level 6 since 2015/16 and they will be graduating with a National Diploma Grade R teaching in the 2018/19 financial year. 300 additional Grade R practitioners to be registered for Grade R Diploma and are in their first year of study. The professionalization of Grade R Teaching is achieved through 2 strategies, i.e. by continuously translating newly qualifying Grade R Practitioners to Grade R Teachers, as well as by filling newly vacated Grade R Practitioners positions with qualified Grade R Teachers, where possible. The number of professionally qualified Grade R Teachers in the system further increased from 480 in April 2018 to 582 in January 2019..
Learner Performance Grade 3,6 and 9	The performance in mathematics from grade 3 – 9 is on an upward trajectory with Grade 3 performing above 80%, Grade 6 below 60% but above 50% and grade 9 being the missing link

Service Delivery Performance	
Priority Area	Performance
	<p>at 14% for pass at 50% and above. While interventions such as the 1+4 have improved the grade 9 performance from 2% in 2014, there is still a lot to be done to move the performance to acceptable levels.</p> <p>Languages are not fast approaching 100% since a performance below 50% in languages means the learner has to be retained and therefore progressed with the age cohort, which eventually contributes to the number of learners who cannot read with understanding in the higher grades as reported in PIRLS culminating in low performance in other subjects such as mathematics because of poor linguistic background. There is therefore a need to focus on strategies to improve reading and language skills in the lower grades.</p>
Skills Development	<p>Post school education remains one of the priorities of the provincial administration and a vehicle to skill the youth of the province in line with the economic needs as outlined in the HRDS. During this financial year 440 Learners and 130 employees were awarded with bursaries. A total of 435 International study bursaries for Medicine, Veterinary Science, Education (Maths & Science) and Engineering have been awarded as follows: Cuba (232) and Russia (203). 130 Learners have successfully completed their studies in the 2017/18 financial year. 841 Learners have been placed on internship and learnership programmes.</p> <p>The province continued to face challenges of unemployed youth, in addressing this the Department through MRTT has partnered with training providers to train out of school youth on an Artisan Development Programme. During the financial year 1 683 learners have been registered for the Artisan Development Programme (apprenticeship) for a three-year programme, the training focuses on boiler making, pipe fitting, coded welding, manufacturing and engineering. In fast tracking the establishment of the Provincial Skills Hub, the Mpumalanga Integrated Skills Hub Operational and funding Model was adopted, the hub will be located at eMalahleni. A site has been procured off the N12 by the Water Meyer Road off-ramp. Terms of reference for the project management and development of business plan, architectural design, engineering and construction have been drafted. The Technical Mining Forum has established a work stream dedicated to the establishment of the Skills Hub and garnering of stakeholder support, potential partners and funding.</p>
Resource Management	<p>The Department was allocated a budget of R19.497 billion for the 2017/18 financial year and spent a total of R19.208 billion which equates to 98.5%. The budget was used to fund various programmes in the Department. The funds were used effectively, efficiently and transparently.</p>
Workforce and Staff Establishment	<p>The department has been affected in the delivery of its programmes and achievement of targets due to capacity constraints as a result of a moratorium on the filling of posts.</p>
Information and Communication Technology (ICT)	<p>In line with the ICT roll-out programme for teachers 1 570 teachers trained on ICT programmes to enable teachers to infuse ICT innovations into teaching and learning. Furthermore, all schools received laptops for administration purposes and this will help in efficient and effective communication with schools as these laptops will be provided with internet connectivity. The utilisation of the South African Schools Administration and Management System was promoted to ensure that reliable data is received from schools. In this regard 97.2% of the schools have compiled. The department will in the future enforce the full utilisation of SA-SAMS in the remaining 2.8% of schools which are using third party software.</p>
Labour Relations Management	<p>The Department enjoys support from its partners, namely teacher formations, SGB formations and learner formations. However, at the beginning 2017/18 there was labour protests against the provincial moratorium and unavailability of funds for operations. Through negotiations the challenge was resolved and operations went back to normal. Agreement with labour was</p>

Service Delivery Performance	
Priority Area	Performance
reached on critical service delivery posts to be immediately filled. The Department received additional funding to fill these posts and to provide for its operations.	

4.1.1 PROVINCIAL GRADE 12 RESULTS

The National Development Plan 2030 (NDP) is very clear on the target set for the level of Grade 12 results that must be achieved by 2030. Between 80 and 90 percent of all learners should complete 12 years of education with at least 80 percent successfully passing the exit exams. The target is thus to improve the throughput rate of learners to at least 80 percent by 2030 with at least 80 percent of those learners passing the exit exams.

Throughput rate

When Mpumalanga's throughput rate for 2018 is calculated, it is evident that the learners writing Grade 12 examinations in 2017 were equal to 46 percent of the Grade 1 class of 2007. The 46 percent throughput rate of the 2017 Grade 12 learners in Mpumalanga is a decline from 54.6 percent which was recorded in 2017. There are various reasons that contribute to the less than desirable throughput rate, in the main these are: grade repetition and learner dropout due to socio-economic challenges.

It is noted however that we are not close to the NDP target of 80 percent. The department will continue to support learners in vulnerable circumstances with learner support programmes like winter and spring classes including curriculum enrichment programmes in order to ensure that they are retained in school.

Table 4.1.1.1 displays the throughput rate in Mpumalanga since 2014, based on the number of Grade 12 learners writing examinations in a specific year and the number of Grade 1 learners of twelve years earlier.

Table 4.1.1.1: Mpumalanga's throughput rate, 2014-2018

Indicators	2014	2015	2016	2017	2018
Grade 12 learners- wrote	45 081	54 980	54 251	48 483	44 612
Grade 1 learners 12 years earlier	86 562	100 107	90 912	88 820	96 984
Throughput rate	50.3%	54.9%	59.7%	54.6%	46%

*Department of Basic Education – National Senior Certificate (NSC)
Examination 2018 Technical Report*

Pass rate

The average Grade 12 pass rate in South Africa was 78.2 percent in 2018 – an improvement from the 75.1 percent mark set in 2017. Mpumalanga's Grade 12 pass rate increased from 74.8 percent in 2017 to 79 percent in 2018.

Table 4.1.1.2: Comparative grade 12 pass rate for South Africa and provinces, 2007-2018

Province	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018

Table 4.1.1.3: Comparative grade 12 pass rate for education districts in Mpumalanga, 2013 - 2018

The average Grade 12 pass rate in Mpumalanga was 79 per cent in 2018 – an increase as compared to the 74.8 percent mark achieved in 2017. The Grade 12 pass rates of the four education districts show much improvement as compared to 2017, with Ehlanzeni being the most improved district from 76.8% to 82.3% in 2018.

A comparison of Grade 12 pass rates among the four education districts from 2013 to 2018 is presented in the table below.

Education district	% Pass rate					
	2013	2014	2015	2016	2017	2018
Bohlabela ¹	72.0	76.8	76.71	72.4	72.4%	76.9%
Ehlanzeni ²	82.8	82.1	82.39	79.5	76.8%	82.3%
Gert Sibande	76.4	77.1	72.62	75.8	76.5%	77.5%
Nkangala	77.5	78.8	81.67	79.5	73.5%	78.7%

Source: Mpumalanga Department of Education, 2018

- ¹ The Bohlabela education district includes schools in Bushbuckridge and Thaba Chweu
- ² The Ehlanzeni education district includes schools in Mbombela, Umjindi and Nkomazi
- ³ The throughput rate is calculated by dividing the number of Grade 12 learners in a specific year by the number of registered Grade 1 learners 12 years earlier.

4.1.2. ANNUAL NATIONAL ASSESSMENT

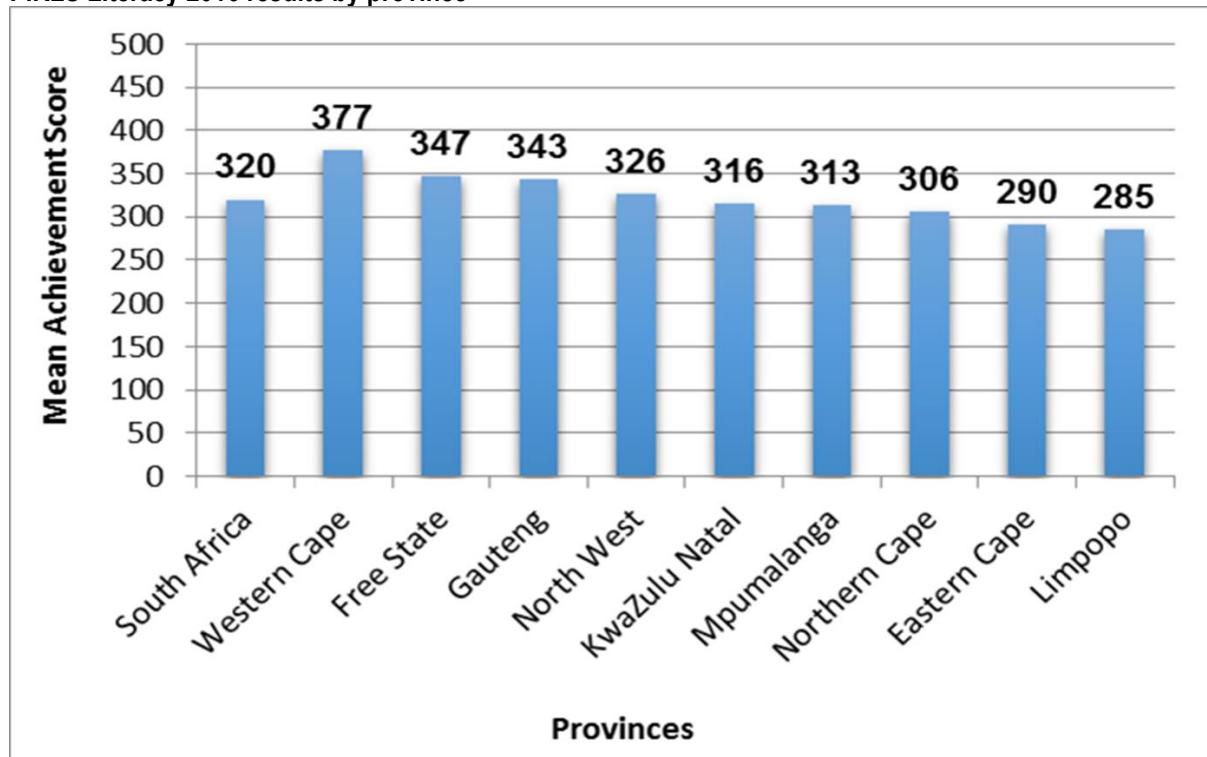

The country experienced challenges in the administration of ANA due to non-agreement between Labour Unions and the Department of Basic Education; this resulted in a few schools writing ANA in 2015 and was not administered at all in 2016 to 2018. The Department of Basic Education will provide a way forward with regard to the future implementation of ANA. The Province however continued with its own Provincial Common Assessments, the results are highlighted here below.

GRADE 3, 6 AND 9 PERFORMANCE												
	2017		2018		2017		2018					
	Mathematics				Languages							
Grade 3												
District	Pass Rate	Average

2018 November Provincial Grade 3, 6 & 9 Common Assessments (Mathematics and Languages)

Mpumalanga's Performance in other International Studies

PIRLS Literacy 2016 results by province

Provincial performance on 2016 PIRLS

Gaps and weaknesses as per PIRLS report

- Poor quality of teaching of reading literacy and training of pedagogical content knowledge of teachers across all subjects.
- Insufficient proportion of time spent on reading in Foundation and Intermediate phases.
- Lack of interventions for high-risk populations including boys, learners living in remote rural areas and townships
- Lack of school resources such as school libraries and classroom libraries, especially in areas where performance is poor.
- Inadequate ICT provision in schools and increase effective and sustainable access to ICT and utilisation thereof in education.
- Inadequate programmes addressing bullying at schools.
- Inadequate parental involvement in school and learner activities.

General Overview of Performance

Quality school education is widely regarded as the most important medium for transforming South Africa and its provinces into a more equitable society. To achieve higher economic growth and lower unemployment the province must develop the capabilities of its labour force through education and skills training. Improved education outcomes should also lower the premium for skilled labour resulting in lower levels of income inequality and poverty.

The improvement in Mpumalanga's Grade 12 pass rate since 2009 must be acknowledged, however, the improvement is, to a large degree, the result of an abnormally high drop-out rate and low throughput rate. The low throughput rate essentially supplies uneducated and unskilled individuals to the labour force and improvement in the labour force as a result of the higher Grade 12 pass rate is therefore partly undone. Appropriate measures to curb the high drop-out rate must be implemented before the benefits of higher Grade 12 marks will be felt on the provincial labour force.

More Grade 12 learners qualify to enrol in bachelor studies every year. However, less qualify to do so with Mathematics and Physical Sciences as Grade 12 subjects, despite the high demand for skills related to these two subjects. If the relatively low ANA 2014 results for Mathematics are anything to go by, the number of Grade 12 students writing Mathematics and Physical Sciences will not increase in the foreseeable future to sufficiently meet the demand. It is in this light that the department is channelling resources towards the full operationalization of the Mathematics, Science and Technology Academy in Mpumalanga and in-service training of teachers to improve their pedagogical knowledge will assist in turning this situation around.

The MDoE committed itself to the effective management of a comprehensive education system in order to expand education opportunities for all citizens of the province. Access to quality education is fundamental to improve the socio-economic position of the people of Mpumalanga. In this regard, citizens can expect the department to:

- provide effective teaching in all schools;
- ensure effective and efficient management at all educational institutions and offices;
- ensure professional and ethical conduct by all educators, support staff and managers;
- progressively provide learners with relevant school infrastructure to create a conducive learning environment
- provide nutritious meals in the poorest schools;
- improve participation and performance in gateway subjects, such as mathematics, Sciences and technology

4.2. ORGANISATIONAL ENVIRONMENT

The administration of Mpumalanga Department of Education comprises of the provincial head office, District Offices, Circuit Offices, Public Ordinary and Special Schools, District Teacher Development Centres, a Mathematics, Science and Technology Academy, an Early Childhood Development Institute and the Mpumalanga Regional Training Trust which is a public entity reporting to the department.

The Department's operations are controlled by the Accounting Officer who oversees the function of two branches namely Curriculum and Corporate Services. For optimisation and good governance functions such as District Coordination, Transversal Human Resource Development, communication, governance related functions such as internal audit, risk management, and legal services report directly to the Head of Department.

The Mpumalanga Department of Education has an approved organogram that ensures that the Department delivers on its key strategic goals and objectives, as well as to ensure stability with regard to achieving the alignment between the new strategic direction and the organisational structure. There are challenges however with the maintenance and full implementation of the organisational structure.

The halting of filling of vacant posts continued to affect the Department negatively. A provincial moratorium on the filling of vacant posts in education offices was instituted as from 1 February 2015. Flowing from provincial executive resolutions in June 2017 as well as subsequent approvals, Education was mandated to fill funded vacant posts related to curriculum implementation and teacher development, the post of Examination Risk & Security Manager, Circuit Management posts, posts of District Director as well as the Director: Maths, Science and Technology.

All other vacant posts in education offices however remained subject to review and prior provincial executive approval. The Department in February 2018 in consultation with managers and trade unions, identified 549 vacant posts deemed most critical for filling in phases over the MTEF. After submitting its Critical Posts Listing to the Government Labour Consultative Task Team, PMC, provincial Treasury and EXCO, Education is still awaiting the final outcome of the provincial mandating processes, and could therefore not commence with the filling of the 213 critical vacant posts identified for filling during 2018/19. The Department is also still awaiting provincial approval to conduct replacement employment in respect of newly vacated funded critical posts in offices as and when officials leave the system, and HR capacity therefore continues to decline.

Capacity of departmental officials is being developed through the Workplace Skills Plan. The department continued to prioritise human capital development, for the year under review over 3564 employees (educators and ordinary departmental officials) benefited from the skills development programme.

The Department acknowledges that it has a responsibility to make the work environment conducive for the people who serve the Department. The Department supports and assists employees and their family members with Health related problems. Officials are visited if hospitalised and receive counselling. Officials and their family members who have financial problem, alcohol or drug problems, work-related difficulties or social problems are assisted through the Employee Wellness Programme.

MDoE activities – scope and scale as at 31st March 2017

Learners	
Learners in Public Ordinary Schools Grades 1 – 12 inclusive	988 998
Learners in Grade R in Public Ordinary Schools	66 470
Learners in Grade R in Community Centres	31 496
Learners in Public Special Schools	4037
Learners in Subsidised Independent Schools	6 164
Staff	
Educators	35 297
Public service staff	7 021
Institutions	
Public Ordinary Schools	1717
Public Special Schools	18
Subsidised Independent Schools	27
District offices	4
Circuit Offices	68

Governance and Administration

The following issues were highlighted as critical to achieving the mission and goals of the department as part of its priorities for the next Medium Term Expenditure Framework (MTEF).

Process and Delivery Issues

Departmental activities and functions require streamlining to eliminate duplication and maximise the benefit of the system focusing on:

- Monitoring of schools
- Training of teachers and officials
- Resourcing of schools and Infrastructure Development within norms and standards
- Committees to strengthen accountability

Governance Issues

Departmental governance issues which require addressing:

- The regression of the department to a qualified audit outcome both on financial and performance information.
- Internal control weaknesses highlighted by Internal Audit and AG that need to be taken seriously and not recur.
- Enforcing accountability at all levels of the department.
- Alignment of business processes to policies and procedures.

Reporting and Information Management Issues

Departmental reporting and information management requires improvement by:

- Eliminating procrastination which results in reactionary reporting.
- Planning and reporting must not be seen as a compliance exercise and associated with a particular Directorate
- Reporting must rather be used as a tool for improving performance.
- Record keeping of actual reported performance must have "complete" supporting documents/portfolios of evidence.

People Issues

The departmental needs to overcome people issues which include:

- A lack of systems approach/thinking in dealing with daily operations of the department.
- Poor ethical climate/work ethics which is compromising the quality of work.
- Performance Management Development System (PMDS) is not implemented as a developmental tool but rather as an incentive mechanism.
- HR development may not be addressing and responding to the job requirement.

SUMMARY OF RESULTS OF THE 2017 MPAT 1.7

MPAT 1.7 had four KPAs which were KPA1: Strategic Management, KPA2: Governance and Accountability, KPA3: Human Resources Management and KPA4: Financial Management. The assessment of KPA 1 and KPA 4 show a relative good performance of the department, however KPA 3 is the weakest not only for the department but Provincially.

Some key highlights of the 2017 assessment cycle and feedback of the department is indicated here below:

KPA1: Strategic Management

Subsection 1.3.2 which is evaluation of departmental projects is performing below the required standard. This is due insufficient capacity within the programme monitoring and reporting sub-directorate. Further to this there were budgetary constraints in the 2017/18 and 2018/19 financial years hence no budget was allocated for evaluations. However, in 2019/20 the department will identify key personnel from other units with expertise of evaluation and research to assist programme monitoring and reporting unit in the direction of evaluation activities. Subsequently a departmental evaluation team has been appointed in line with National Evaluation Framework. This will also result in ensuring that each evaluation has a steering committee for effective oversight of the evaluation process, completed evaluations will constitute approved management response and improvement plans. Departmental evaluations will be made public on the departmental website.

KPA2: Governance and Accountability

KPA2 has two subsections that are performing below the required standards that is 2.6.1 Assessment of risk management arrangements and 2.8.1 Corporate Governance of ICT. The root cause is that the Risk Management Charter was a draft at the time of assessment. The charter has since been approved and improvement will be reflected in MPAT 1.8 assessment cycle. The challenge with Corporate Governance of ICT was that the content of the approved ICT plan did not indicate the approach to be undertaken by IT when supporting business. The ICT plan has been reviewed, to indicate the approach to be taken by IT when supporting business and this was approved in 2018/19 for full implementation in the 2019/20 financial year.

KPA4: Financial Management

Payment of suppliers within 30 days is still a challenge and the root cause being that the invoice tracking does not have a single indication of the date invoices received. The department has stabilized and will strive to sustain the improvement realised in the 2018/19 financial year. The following measures will be strengthened, which are: reporting of exception report to treasury by the 15th of each month, ensure payment of suppliers within 30 days, for any deviation an investigation will be ensued and the necessary measures will be instituted to address the challenge. To further strengthen this, the department will ensure that all records are kept and filed safely in line with National Archiving Act in a departmental strong-room and electronically.

4.3. Revisions to Legislative and Other Mandates

ICT

The Departmental ICT Strategy will be reviewed and aligned to the current demands and dynamics in order to improve learning at classroom level and infuse blended learning.

The National Integrated ECD Policy

The National Integrated ECD Policy was approved by Cabinet in December 2015. The implications of the policy towards ECD can be summarized as follows:

1. Providing strong educational stimulation programmes to ECD centres and non-centred based ECD programmes
2. Provision of play based resources and toys
3. Training of practitioners in accredited ECD NQF level qualifications
4. Vetting of practitioners

Provincial Transversal Human Resource Development

In order to fully implement the Provincial Human Resource Development Strategy & Provincial bursary policy the following policies and strategies will be developed and implemented:

- Provincial Training policy and procedure manuals.
- Learnership, internship and apprenticeship policy and procedure manuals
- Provincial Transversal Human Resource Development Strategy Monitoring & Evaluation Policy

5. PLANNED INTERVENTIONS AND PROGRAMMES

5.1. SECTOR BUDGET PRIORITIES

5.2.1. Sector Key Themes

- 5.1.1.1. Focus on quality and efficiency of education
- 5.1.1.2. Communication to communities and all levels critical
- 5.1.1.3. Prioritise teaching and learning, especially in terms of the fiscal constraints
- 5.1.1.4. Strengthen more urgent role of all players – entities, QA agencies, unions, parents, partners
- 5.1.1.5. Strengthened provincial and national mechanisms including intergovernmental mechanisms, interdepartmental mechanisms
- 5.1.1.6. NEPA – M and E, norms and standards, impact evaluation
- 5.1.1.7. Provincial, district, school realities factored in non-negotiables for the sector

5.2.2. Sector Non-negotiables

- 5.1.2.1. LTSM - norms and standards, retrieval, costs
- 5.1.2.2. Infrastructure - equipment, water and sanitation, maintenance, furniture and desks
- 5.1.2.3. Districts - support of schools, provincial-district coordination, norms and standards for interaction, competency and capacity, competency, communication, system for monitoring curriculum and teacher development, strong evaluation and impact the critical change
- 5.1.2.4. Teachers - placement, deployment, and teacher development
- 5.1.2.5. Information and Communications Technology (ICT) – Children into the 21st Century - Reality
- 5.1.2.6. Library Services - will form centre of work
- 5.1.2.7. Rural – multi-grade, small, micro, mergers and rationalisation, scholar transport
- 5.1.2.8. Curriculum – Mathematics Science and Technology (MST) (participation and improvement in progression), MST unit. Piloting - reading unit, technical subjects, African Languages expansion (IIAL)
- 5.1.2.9. Partnerships and social mobilization - learner wellbeing and safety

5.2. PROVINCIAL PLANS

5.2.1. Schooling Transformation and Reform Strategy

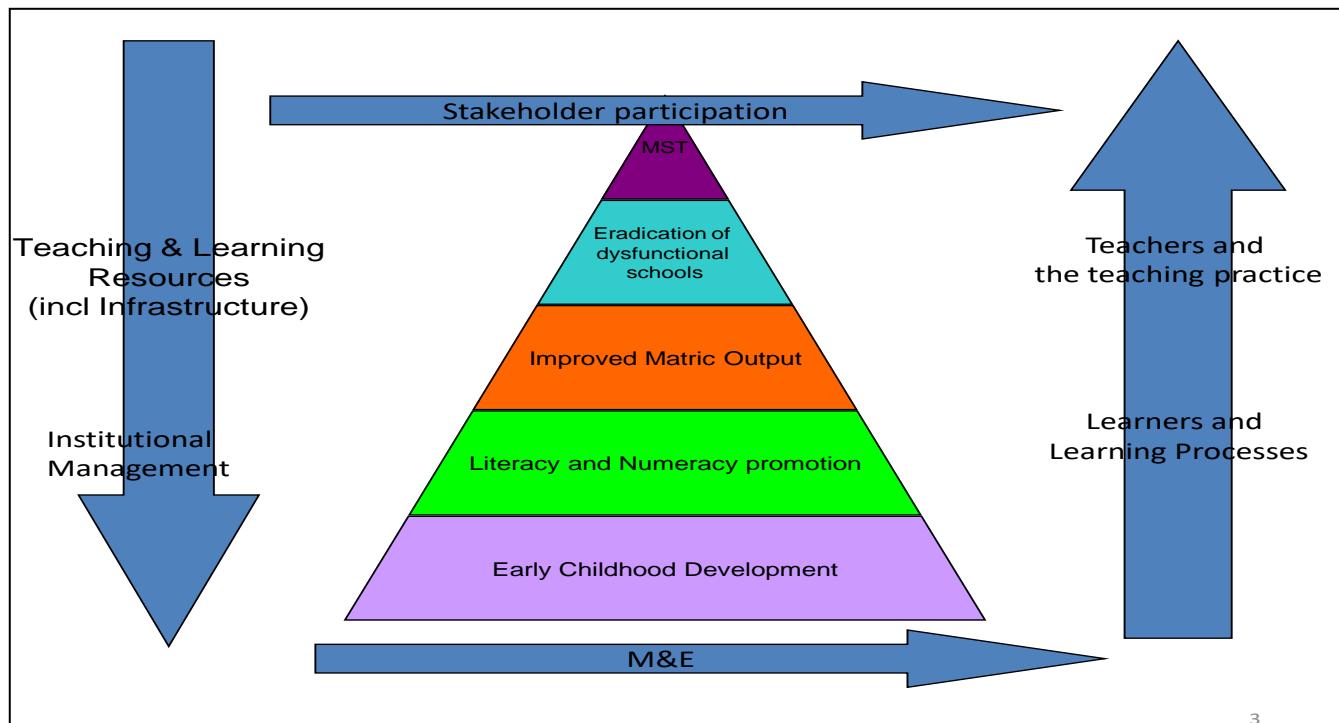

In pursuance of the National Strategy for Learner Attainment (NSLA) the MDoE developed a provincial learner attainment strategy known as STaRS, which seeks to improve learner performance across the system.

The plan is informed by our learners' performances in provincial, national and international assessments, the diagnostic reports, National Development Plan, Action Plan 2019-Towards the realization of Schooling 2030. The plan is also informed by the following:

- 2012 ANA results
- 2013 ANA results
- 2014 ANA results
- 2012 NSC examination results and technical report
- 2014 quarterly review sessions (GET and FET)
- 2014 moderation reports (GET and FET)
- 2014 Grade 12 half-year examination (June)

- 2014 Grade 12 preparatory (trial) examination results
- 2013 NSC results
- 2014 NSC results
- 2015 NSC results
- 2016 NSC results
- 2017 NSC results
- Schooling 2030
- National Development Plan

Figure 1: Five pillars of STaRS across six focus areas

The plan seeks to achieve the following:

- Increase the number of learners who qualify for Bachelor degree entry at university.
- Increase the number of learners who pass Mathematics and Physical Sciences with 50% and above.
- Improve Grade 12 results.
- Improve the competency of Grade 3, 6 and 9 learners in Languages and Mathematics, i.e. 65% of learners in these grades must perform at 50% and above.
- Improve performance in subjects that perform low in the provincial average.
- Ensure accountability on poor performance across the system.

6. OVERVIEW OF 2019/20 BUDGET AND MTEF ESTIMATES

PART C: PROGRAMME AND SUB-PROGRAMME PLANS

1. Programme 1: Administration

Purpose: To provide overall management of, and support to the education system in accordance with the National Education Policy Act, the Public Finance Management Act and other relevant policies.

1.1 Programme Overview

In the Basic Education Sector, Programme 1 is designed to maximally support the core curricular programmes from Programme 2 to Programme 7. This programme is all about efficiency and accountability in order to ensure that resources are deployed accordingly, to all levels of the systems.

1.2 Priority plans and targets for 2019/20

During the 2019/20 financial year, the emphasis will be on enhanced systems, which include expectations of rigorous record-keeping, accountability, and on needs-based support for schools.

Priority Plan for 2019/20:

- In terms of Human Resources Services, the department will focus on the following:
 - Improved efficiency pertaining to filling school based educator promotional posts;
 - Management of the Policy on Incapacity Leave and Ill-health Retirement;
 - Placement of educator graduates; and
 - Sound labour practices with internal and external role players.
- Ensure that all procurement processes focus on cost efficiencies and accountability.
- To enhance the utilisation of SA-SAMS i.e. activation and utilisation of all modules
- Whole school evaluations will be conducted to identify best practice and focus appropriate support on areas requiring improvement and attention.
- Review of business processes in order to strengthen operations of the department.
- All aspects of EMIS will be strengthened so that data is reliable and updated.
- Address accounting practices and procurement matters so as to maintain and improve on the audit assessment of the Auditor General and timeously address issues raised through the Internal Audit process.
- Schools that need support with financial management will receive priority and attention.
- Conduct an audit of closed down schools to determine their status and update the asset register.

1.3 Strategic Objectives

Strategic Objective	Evidence based planning and reporting
Objective Statement	Streamline systems and procedures for evidence based planning and reporting in line with regulatory frameworks towards the achievement of 75% of targets by 2020
Baseline	59% of targets achieved in 2013/14

Strategic Objective	Recruit, develop and train a highly effective and diverse workforce
Objective Statement	Increase the number of newly qualified teachers aged 30 and below entering the profession from 230 to 407 by 2020
Baseline	230 (2013/14)

Strategic Objective	Promote the usage of the SA-SAMS in public schools
Objective Statement	Promote the usage of SA-SAMS in all (100%) public schools as an electronic school management system by 2020
Baseline	80% of public schools use SA-SAMS as an electronic school management system

Strategic Objective	Provide ICT infrastructure to public schools
Objective Statement	Provide ICT infrastructure to all public schools to enhance schooling and learning and administrative processes by 2020
Baseline	Connected 991 schools as per 2013/14 Annual Report

Strategic Objective Annual Targets

Strategic objective	Strategic Plan Target	Audited/Actual performance			Estimated Performance 2018/19	Medium-term targets		
		2015/16	2016/17	2017/18		2019/20	2020/21	2021/22

PAYMENTS BY SUB-PROGRAMME (R'000)*						
six months upon completion of studies or upon confirmation that the bursar has completed studies.	85.3%	62.88%	95%	95%	95%	95%
► PPM 110: Number of qualified Grade R-12 teachers aged 30 and below, entering the public service as teachers for the first time during the financial year.	325	353	450	460	470	480
► PPM 111: Percentage of schools where allocated teaching posts are all filled	96.6%	97.2%	95%	95%	95%	95%
► PPM 112: Percentage of schools producing a minimum set of management documents at a required standard.	100%	100%	100%	100%	100%	100%
► PPM 113: Number and Percentage of SGBs in sampled schools that meet minimum criteria in terms of effectiveness every year.	New indicator	200	200	200	200	200
► PPM 114: Percentage of schools with more than one financial responsibility on the basis of assessment.		39%	72%	75%	77%	80%
PROVINCIAL PPIS						
**PPI 1.1: Percentage of targets achieved per financial year	63%	61.5%	70%	75%	80%	80%

*Split of the row for PPM106 - 1st row refers to the baseline (achievement of previous financial year) and 2nd row refers to the target for the particular financial year.

**PPI 1.1: Achievement of targets at 95% and above. "Note 1: If the performance achievement against the planned target falls between 95%-99%, then it is acceptable for auditors to treat the target as achieved, ONLY IF the reasons for non-achievement of 100% of the planned target is based on sufficient, appropriate and reliable evidence"

1.5 Quarterly Targets for 2019/20

Programme Performance Measure	Reporting period	Annual target 2019/20	Quarterly targets			
			1 st	2 nd	3 rd	4 th
PPM101 Number of public schools that use the school administration and management systems to electronically provide data to the national learner tracking system	Quarterly	1 705	1 705	1 705	1 705	1 705
PPM102 Number of public schools that can be contacted electronically (e-mail)	Quarterly	1 705	1 705	1 705	1 705	1 705
PPM108 Teachers absenteeism rate	Quarterly	2.3%	2.3%	2.3%	2.3%	2.3%

NB: All other priorities and PPMs, and PPIs are detailed and tracked through the 2019/20 Implementation Plan.

1.6. Performance and Expenditure Trends

The 2019 MTEF allocation for programme 1 is R1.699 billion, R1.707 billion and R1.801 billion. The budget reflects a projected increase of 4.9 per cent, increase of 9.2 per cent and increase of 5.5 per cent respectively over the 2019 MTEF. The programme renders administrative support in the provision of quality education that will in the long run try to minimise the impact of the triple challenges of poverty, unemployment and inequality.

2. PROGRAMME 2: PUBLIC ORDINARY SCHOOLS

Purpose: To provide ordinary education from Grades 1 to 12 in accordance with the South African Schools Act, 1996 and White Paper 6 on inclusive education.

2.1 PUBLIC PRIMARY SCHOOLS OVERVIEW

The MDoE has 1 222 primary schools, which are organised into four educational districts and 68 circuits. Given the rural nature of the province, some of these schools are multi-graded. Gert Sibande has a large number of multi-grade schools compared to the other three districts in the province.

In Mpumalanga for many years, there has been much focus on learner performance at the Grade 12 level. This has created much hype around the Senior Certificate and National Senior Certificate examination results. However, over the last few years, there has been a realisation that in order to improve Grade 12 results, the performance of learners in lower grades have to improve. Therefore, in *Action Plan to 2019: Towards the Realisation of Schooling 2030* (which has 27 goals) the first three goals relate to outputs in Grades 3, 6 and 9.

The Maths, Science and Technology Academy will be used as a vehicle by department to stimulate interest in maths and science from foundation and intermediate phase. This will also assist the department to improve maths performance in grade 3, 6 and 9. The Primary Schools will be trained on the utilization of e-resources.

In order for us to realise holistic improvement in these areas, there needs to be a concerted effort regarding improving the quality of teaching and learning in the classroom; the effective use of teaching time; and the quality of assessments being at an acceptable level.

2.1.1. Priority Plans for 2019/20

- Conduct MSTA advocacy reaching 1 200 to increase learner participation in MST subjects
- Monitor and Support (600 ECD Foundation Phase visits, 800 Intersen visits and 806 MST visits) schools on subject content, curriculum coverage and utilization of workbooks.
- Capacitate 125 (37 ECD Foundation Phase, 88 Intersen) subject advisors on subject content
- Capacitate 1 077 Grade R practitioners/educators on Grade R subject content
- Capacitate 1000 Grade 3 teachers on subject content
- Monitor provincial common assessments in grade 3, 6 and 9
- Coordinate grade 1-3 practical reading assessment
- Train 1 400 teachers (800 Languages + 600 for EMS, SS, CA, LO and L/S) on subject content
- Conduct camp for 200 grade 6 and 9 language teachers.
- Conduct spelling BEE/ Literacy programme for 400 learners

2.2 PUBLIC SECONDARY SCHOOLS OVERVIEW

The province has 465 public secondary schools that it supports directly. Performance at FET level is mainly measured by learner performance at Grade 12 level, which has shown a steady increase from 47.9% in 2009 to 79% in 2018. The FET phase, however, offers other critical programmes meant to adequately prepare learners for their exit exams from the basic schooling sector to the higher education domain. Therefore, the lower Grades in FET are just as important and more focus should be directed towards these grades, especially given that career-pathing decisions are made pre-Grade 12. The department endeavour to improve resources and equipment by ensuring that public schools have the necessary resources.

2.2.1 Priority plans for 2019/20

- Conduct research on utilization of ICT-resources in teaching and learning to improve learner performance.
- Support schools (900 FET visits and 659 MST visits) on subject content and curriculum coverage.
- Venture into partnership with private sector, institutions and government departments that can support schools and learners offering agricultural subjects, Computer Applications Technology, Information Technology and Technical subjects.
- Monitor and support second chance matric programme in 68 centres
- Conduct winter and spring classes for all under performing schools.

2.3 HUMAN RESOURCE DEVELOPMENT

2.3.1. Teacher Education and Development

The teacher education and development processes and interventions are guided by the *National Policy Framework for Teacher Education and Development of 2007* and the *Integrated Strategic Planning Framework for Teacher Education and Development in South Africa 2011 to 2025*. The Department is further tasked to promote and enhance the competence and professional skills of all educators through:

- Monitoring and evaluating learning systems;
- The development of a consolidated departmental register of teacher training needs and programmes; and
- Monitoring and support of the implementation of the Integrated Quality Management System.
- Providing local support to Professional Development of teachers via the Education Development Centres

2.3.1.1 Priority Plans for 2019/20

- Training of Mathematics, Natural Sciences and Technology Teachers on Content Knowledge and Pedagogical Content Knowledge (540 Grade 3 & 6 teachers and 300 Grade 8-12 teachers) (MSTA). Conduct practical work and demonstrations for 160 teachers for practical subjects
- Training of 200 teachers on the use of e-resources (MSTA)
- Training of 40 Grade 12 teachers in schools offering mathematics and physical sciences for the first time (MSTA).
- Conduct practical work and demonstrations for 160 teachers in Science and Technology subjects (MSTA).
- Administration of IQMS in 1 705 schools.
- Administration of CPTD in 1 705 schools.
- Sample 700 schools to Monitor, support and evaluate the implementation of IQMS and CPTD to gauge the quality of hours spent on professional development.
- Training 2 445 teachers on different Information Communication and Technology to enhance teaching and learning.

2.3.2 School Governance, Management and Leadership

It is expected of SGBs to discharge their governance tasks, which include the following:

- **Policy making function** – promotion of the best interests of the school; adoption of a constitution; development of a mission statement; and the acceptance of a code of conduct.
- **Motivation** – supporting educators in the execution of their professional duties including the use of learner performance results analysis; also encouraging educators, learners and parents to render voluntary services to the school.
- **Organising** – determining school times; administering and controlling the school property; recommendations regarding appointments and the creation of additional posts.
- Encouraging communities to render services to the school and augment the state's contribution to the school fund. Applying for other functions in terms of section 21 (e) of SASA, 1996.
- It is expected of School Management Teams to effectively lead and manage school in the following

- Management of curriculum implementation.
- Provide instructional leadership
- Implement and maintain policy
- Continuously update the SGB with learner performance
- Capacity building of TLOs and RCLs on their roles and responsibilities

2.3.2.1 Priority Plans for 2019/20

- Induction of 100% of newly appointed SMTs on their roles and responsibilities.
- Monitor and support 222 SMTs on curriculum and financial management.
- Capacity building of SGBs in 1705 schools on governance modules.

2.3.3 School Safety – Priority Plans

- Coordinate four (4) Integrated School Safety Meeting as part of the implementation of the Integrated School Safety Strategy
- Capacity building of school safety committee members on their roles and responsibilities in 1 705 schools.
- 200 Schools provided with drug testing devices and metal detectors.

2.4 SCHOOL SPORT, CULTURE AND MEDIA SERVICES

Purpose

Roll out the sport, music and culture programmes from school to international level

Priority Plans 2019/20

- Coordination of school league games in 15 codes during winter and summer games at 2 competitive levels.
- Coordination of Mpumalanga Sports Association for Intellectually Impaired Summer games, Cross Country and All Ages games for 120 athletes.
- Coordination and implementation of Provincial and National Cross Country (440 at Provincial level and 110 at National level)
- Coordination and implementation of summer games for athletes in 8 sporting codes (798 athletes at Provincial level and 420 at National level).
- Coordination and implementation of Provincial and National Athletics targeting 1020 Primary school athletes at Provincial Level and 115 at National Level and 920 Secondary School athletes at provincial level, 124 Secondary School athletes at National level.
- Coordination of the South African School Choral Eisteddfod in all Districts for 440 choirs at 2 competitive levels (Provincial and National level), 110 choirs participate at Provincial Level and 27 choirs participate at National Level.
- Coordination of cultural activities in all Districts.

2.5 CONDITIONAL GRANTS

2.5.1 National School Nutrition Programme

The NSNP aims to enhance the educational experience of needy learners by providing a healthy meal at school. The NSNP programme has already been seen to contribute to: improving learning capacity; promoting self-supporting school food gardens and other production initiatives through partnership with sister departments as well as other interested stakeholders, and promoting healthy lifestyle amongst learners and school communities. The programme also seeks to improve the health condition of primary school learners by means of deworming in Grade R – 7 so as to increase the intake of nutrients provided in the meals through the Integrated School Health Programme.

2.5.1.1 Priority Plans for 2019/20

- Ensure that the implementation of the programme is in line with DORA, targeting 908 424 learners in Q1 – 3 primary and secondary schools (incl. Gr. R).
- Implementation of the deworming programme to learners in Grade R to Grade 7.
- Ensure that 5 179 food handlers in NSNP participating schools are contracted.
- Train 1 597 principals, NSNP Coordinators and Admin Staff on the implementation of the Conditional Grant Framework.

2.5.2 MST Conditional Grant

The purpose of the grant is to improve access, equity, efficiency and quality Mathematics, Science and Technology (MST) in the country by providing support and resources to schools, teachers and learners.

2.5.2.1 Priority Plans for 2019/20

- Provide maths and sciences resources (kits and consumables) to 136 schools (68 secondary and 68 primary schools).
- Supply and maintain 30 technical high schools and agricultural focus schools with equipment, machinery and tools
- Provide ICT resources (software) to 15 schools offering CAT and IT and maintain hardware in 16 schools provided with maths laboratories.
- Support 25 000 learners through camps, competitions and initiatives to stimulate interest in Mathematics, Sciences and Technology.
- Support 1 500 teachers on subject and pedagogical content knowledge in all Sciences and Technology subjects.

2.6 INCLUSIVE EDUCATION AND EDUCATION SUPPORT

2.6.1 Purpose: To provide expansion and access to education for all learners experiencing barriers to learning and development in public mainstream schools as prescribed by EWP6, SIAS Policy, SASA and Children's Act.

2.6.2 Overview

This is a curriculum support wing of the Department, which aims to eliminate barriers to learning through expansion of access and ensuring that all learners receive quality education within an inclusive education system. The two Sub-Directories: Inclusive Education and Psychological Guidance and Social Support focus on the activities mentioned below:

- Early identification of barriers to learning and development through the Screening, Identification, Assessment and Support Strategy and introduction of Individual Support Programme.
- Support structures (district-based support teams and school-based support teams) coordinate preventative measures and intervention strategies to ensure that all learners perform to their maximum potential.
- Examination concessions: All learners across all Grades, including Grade 12 learners, who experience barriers to learning and development, are granted concessions accordingly.
- Capacity building of educators includes: cooperative learning as teaching strategy, curriculum differentiation and adaptation; reading, writing and numeracy programmes (primary schools); alternative and augmentative communication; training on impairment (visual and hearing); Braille; South African Sign Language and deaf culture; advocacy campaigns on inclusive education; training of support structures on their roles and responsibilities.
- Psycho-social programs are also key to enhance maximum performance of learners
- Career Guidance focuses on Grade 7-12 activities, prioritising Career exploration and awareness (subject choice) and career exhibitions.
- Environmental Education program is also an important vehicle to ensure integration of environmental concepts across all subjects

2.6.2.1 Priority Plans for 2019/20

Career Guidance

- Conduct Career Awareness and Subject Choice for 10 000 grade 8 and 9 learners to allow them explore a variety of careers so that they make informed Subjects decisions that link to their aspirered careers
- Conduct career guidance exhibition for 15 000 Grade 10-12 learners to allow them to make informed decisions in line with economic needs of the province.

Psychological Support and Guidance

- Capacitate 260 teachers on trauma management
- Capacitate 260 teachers on accommodations and concessions
- Capacitate 90 teachers on substance abuse

Environmental Education

- Monitor 60 schools for Environmental Education

Inclusive Education

- Train 200 teachers on Remedial Strategies.
- 280 teachers from Full-Service Schools trained on SIAS and Curriculum Differentiation
- Monitor and support 140 Full-Service Schools

2.7. Strategic Objectives

Strategic Objective	Increase bachelor passes
Objective Statement	Increase the percentage of grade 12 learners passing at bachelor level to 34% by 2020
Baseline	24.9% (2014)
Strategic Objective	Increase Grade 10 Maths and Science uptake
Objective Statement	Increase the uptake of maths and science at grade 10 to 53 812 Math and 45 806 Science by 2020
Baseline	30 113 Maths (2014) 22 577 Physical Science
Strategic Objective	Increase Maths Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Mathematics from 21.1% to 28% by 2020
Baseline	21.1% Maths (2014)
Strategic Objective	Increase Physical Science Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Physical Science from 20.2% to 33% in Physical Science by 2020
Baseline	20.2% Physical Science (2014)
Strategic Objective	Quality teaching and learning in Maths, Science and Technology
Objective Statement	Improve the performance in Maths, Science and Technology by training 5000 teachers on pedagogical content knowledge and facilitation skills
Baseline	570 Teachers trained (2013)
Strategic Objective	Access to textbooks
Objective Statement	Ensure that 100% of learners have access to the required textbooks in all grades and subjects by 2020
Baseline	98% (2013)
Strategic Objective	Enhance school safety in public ordinary schools
Objective Statement	School safety committees capacitated and functional in order to enhance safety in all schools by 2020
Baseline	1 000 Schools with functional Safety Committees (2013)
Strategic Objective	Enhance School Management and Leadership of Schools
Objective Statement	Enhance school management and leadership by capacitating 3 000 SMTs by 2020
Baseline	960 SMTs (2013)
Strategic Objective	Learner welfare
Objective Statement	All needy learners in quintiles 1-3 schools benefit from NSNP and No Fee School Policy
Baseline	882 809 NSNP and 888 459 No-fee (2013)
Strategic Objective	Equitable Education Opportunities for learners with special educational needs
Objective Statement	Support 140 full service schools through resource provision and capacitation of teachers in order to cater for learners with special educational needs
Baseline	140 (2014)

Strategic Objectives Annual Targets

Strategic Objective	Strategic Plan Target	Audited/Actual performance			Estimated Performance 2018/19	Medium-term targets		
		2015/16	2016/17	2017/18		2019/20	2020/21	2021/22

NB: All other priorities and PPMs, and PPIs are detailed and tracked through the 2019/20 Implementation Plan.

2.10. Performance and Expenditure Trends:

The financial tables above reflect payments and budgeted estimates relating to this programme for the period 2016/2017 to 2021/2022. The largest portion of the budget under this programme is allocated to the sub-programme: Public Primary Schools, because the number of institutions and learners in these schools exceeds those in Public Secondary Schools. This programme includes the budget for educators, their salaries, and development needs. The consistent growth in spending and estimates under Programme 2, particularly in the category of compensation of employees, can be attributed to costs relating to improvements in condition of service, the impact of various policy changes within the education sector, national priorities and the implementation of OSD 2.

Public Ordinary School Education spending increased substantially over the 2019 MTEF period and the payment of educator salaries continues to be the major cost driving item in this programme. It must be noted that the department has not created additional educators posts because of the financial pressure being experienced. Further increases in compensation of employees over the 2019 MTEF can be attributed to the additional funding received to compensate for the carry-through effect of the higher anticipated wage settlements and payment of notch progression. The department will concentrate in the 2019 MTEF on literacy and numeracy in Grades 3, 6 and 9, the matriculation improvement programme in under performing schools and the maths and science improvement programme. The department is always striving to comply with the norms and standards through the transfers to Section 21 and No Fee Schools but could not continue with this trend because of the budget cut.

A number of key projects will be put on hold due to budget constraints and may be implemented should the situation in the province improve. These include implementation of the no-fee school policy quintiles 1-3 schools, the compensation of Quintile 4 and 5 schools that have exempted poor learners from the payment of schools fees, ensuring that every learner has a text book for every learning area/subject in the MTSF, the provision of school furniture, the provision of resources and boarding schools. The above-mentioned projects are necessary for 2019/20 financial year and beyond.

The strengthened co-operation of and improved communication with sister departments will pave the way for fighting crime and violence in schools. Implementation of the National Schools Nutrition Programme will be closely monitored. Measures will be put in place to ensure that the School Nutrition Programme complies fully with the grant framework in terms of coverage, cost, menu, targeted learners, etc.

The Department will not be able to fund all quintiles in accordance with the national norms, and this underfunding will be continued in the MTSF as a result of the budget cut.

3. Programme 3: Independent School Subsidies

Purpose: To support independent schools in accordance with the South African Schools Act, 1996

3.1 Programme Overview

From funds appropriated by the provincial legislature, a subsidy is granted to an independent school that is eligible for subsidy according to the National Norms and Standards for School Funding.

Subsidy allocations, therefore, must show preference for self-sustaining independent schools that are well managed, provide good education, improve access to education and are not operated for profit. These schools are evaluated and monitored by the Department according to objective, transparent and verifiable criteria.

Independent schools must be managed subject to the South African School's Act and any applicable provincial law. To ensure compliance with the provincial department's regulations on registration, withdrawal of registration and subsidy, published in May 2013.

3.2 Priority Plans for 2019/20

- In line with the purpose of the General and Further Education and Training Quality Assurance Act to provide for quality assurance in general and further education and training, by transferring subsidy payments for the 25 qualifying subsidised independent schools according to the National Norms and Standards for School Funding.

3.3. Strategic Objectives and Annual Targets for 2019/20

Strategic Objective	Provide qualifying independent schools with subsidies		
Objective Statement	Provide 26 qualifying independent schools with subsidies, correctly calculated and on time.		
Baseline	28 Schools provided with subsidies (2013)

0 (least poor)					
Total	**	21 000 000	6 178		3 399

The subsidy level is aligned per phase with the school's fee structure per phase.

*** Subsidy levels can differ in one school for primary phase and secondary phase therefore the total number might look different from the actual schools*

3.6. Performance and Expenditure Trends

The objective of this programme to support Independent Schools in accordance with the SASA. From funds appropriated by the provincial legislature, a subsidy is granted to an independent school that is eligible for subsidy according to the National Norms and Standard for School Funding (NNSSF). Subsidies are granted in relation to the socio-economic circumstances of an eligible school's clientele. Subsidy allocation, therefore, must show preference for independent schools that are well managed, provide good education, serve poor communities and individuals, and are not operated for profit. These schools are evaluated and monitored by the Department, according to objectives, transparent and verifiable criteria. Independent schools must be managed subject to the SASA and any applicable provincial law. To ensure compliance with provincial department's requirement regarding registration, withdrawal of registration and subsidies to independent schools, provincial regulations were published for public comments, and after consideration of public comments, the final regulations were published. The financial tables above reflect payments and budgeted estimates relating to this programme for the period 2016/2017 to 2021/22.

4. PROGRAMME 4: PUBLIC SPECIAL SCHOOL EDUCATION

Purpose: To provide compulsory public education in Special Schools in accordance with the South African Schools Act. 1996 and White Paper 6 on Inclusive Education, Child Justice Act No. 75 of 2008, Children's Act No 38 of 2005.

4.1 Programme Overview

The MDE has 18 Special Schools in terms of curriculum and overall school management. Of these: 15 schools admit learners with intellectual disabilities who require moderate to high levels of support within a better controlled environment; 3 Child and Youth Care Centres admit learners who are in need of care and protection (in line with the Children's Act) and also those that are in conflict with the law (in line with the Child Justice Act).

The residential facilities of 3 Child and Youth Care Centres (Ethokomala and George Hofmeyr) were transferred to the Department of Social Development in April 2013 and the school portion remains with MDoE (in line with the new Children's Act). In addition, Vaal Rivier was converted to a Special School for learners with moderate intellectual disabilities in January 2014, as a mitigation strategy for space challenges in Special Schools. The schools follow the adapted CAPS, vocational skills and therapeutic programmes.

4.1.1 Priorities for Special Schools 2019/20

- 18 Special Schools monitored for curriculum and LTS defence
- 18 sites for Home Education monitored for curriculum delivery

4.2 Conditional Grant: Learners with Profound Intellectual Disabilities Grant

The purpose of the grant is to provide the necessary support, resources and equipment to identified stimulation / partial care centres (51 Centres) and school (12 Special Schools) for the provision of education to children with severe to profound intellectual disabilities (SPID). The intended outcome is to improve access to quality basic education for afore said children in conditions that ensure dignity, promote self-reliance and facilitate active participation in the community. The grant will be utilised on an interventional basis and is not a general roll-out for all schools and centres. The grant allocation in the main will cater for training of teachers and outreach teams, procurement of learning and teaching support materials, toolkits and equipment for centres and designated schools, assessment of children and implementation of Learning Program at the Centres, compensation of itinerant teams and provisional co-ordinators (that is 1 Provincial Project Manager at a DCES and 5 team members of outreach team consisting of 1 special needs teacher (PL2), 1 Chief Education Therapist (Occupational), 1 Chief Education Therapist (Speech), 1 Chief Education Therapist (Physio) and 1 Psycho-Social Support Specialist. The grant will be reviewed on an on-going basis to respond to the nature and trends in the education of learners with severe to profound intellectual disabilities.

4.2.1 Priorities for 2019/20

- Train 300 caregivers from 60 care centres on the Learning Programme for LSPID.
- Train 200 teachers from 12 special schools and Full Service Schools for SID (Severe Intellectual Disabilities) on the Learning Programme for LSPID.
- Train 30 caregivers and 40 teachers on Augmentative and Alternative Communication Technology.
- Train 250 teachers from 12 special schools and Full Service Schools for SID on AAC.
- Train 20 officials from the four Outreach Teams on accredited programmes specific to their professions.
- Conduct 1 awareness campaign per district for advocacy on the LSPID programme to parents, communities and other stakeholders.

4.3. Strategic Objectives

Strategic Objective	Equitable Education Opportunities
Objective Statement	Increase access to quality teaching and learning programmes and comprehensive therapeutic services for learners with special educational needs to 4005 in special schools by 2020
Baseline	3 817 learners in special schools (2013)

NB: All other priorities and PPMs, and PPIs are detailed and tracked through the 2019/20 Implementation Plan.

4.6 Performance and Expenditure Trends

The objective of the programme is to provide compulsory Public Education in Special Schools in accordance with the SASA and the White Paper 6 on Inclusive Education and the Child Justice Act (CJA), No 38 of 2005. The MDE supports 18 Special Schools in terms of curriculum and overall school management. Of these, 06 schools admit learners with intellectual disabilities who require moderate to high levels of support within a better controlled environment, but 2 are Child and Youth Care Centres (CYCC) and the 12 receiving high level support. In addition, Vaalrivier has been converted to a Special School for learners with moderate intellectual disabilities, as a mitigation strategy for space challenges in Special Schools. The schools follow the National Curriculum Statement (NCS), including technical subjects. The Grades offered range from Grades 1 - 9, Grades 1 - 10 and Grade 8 - 12. It has to be noted that all 2 schools have therapeutic intervention programmes conducted by child and youth care workers after school, during weekends and holidays.

The schools adapted the NCS up to Grade 10 and also offer pre-vocational skills.

The other schools that cater for severe disabilities only offer adapted curriculum up to Grade 7. The tables above reflect payments and budgeted estimates relating to this programme for the period 2016/17 to 2021/22.

A new conditional grant has been introduced in this programme to cater for children with severe to profound intellectual disabilities by providing support, resources and equipment in order improve access to quality basic education.

5. PROGRAMME 5: EARLY CHILDHOOD DEVELOPMENT

Purpose: To provide Early Childhood Education (ECD) at the Grade R and earlier levels in accordance with White Paper 5.

5.1 Programme Overview

The three implementing departments (Departments of Education, Health and Social Development) works in partnership and in close collaboration with each other in developing the annual ECD Integrated Plan and report on progress and mitigate challenges. This plan is responsive to the findings emanating from ECD audit that reflected the status quo and challenges obtaining in the ECD sector. The pillars of the Professional Integrated ECD Strategy are bulleted as follows

- Access to ECD
- Provision of Learner Support Material
- Child and Maternal health
- Professionalization of the ECD Sector
- Compensation of Grade R Practitioners
- ECD Infrastructure across the province

The ECD strategy is reviewed for provisioning of quality ECD services in Pre-Grade R in line with the National Integrated ECD Policy.

As reported at the HEDCOM workshop on 10 April 2017, one of the proposals for ECD in the NDP is to introduce compulsory pre-school education for 4 and 5 year olds. The DBE and Department of Social Development (DSD) are mandated to develop a costed implementation plan by June 2018. Further to that workshop, a recommendation was presented at the 5th National Policy Conference of the Ruling Party that took place from 30 June to 05 July 2017 at Gallagher Estate, that ECD and pre-school line function must in time, be moved from DSD to the DBE, and further work to continue to provide quality provisions in this area should be considered.

5.2 Priority Plans for 2019/20

- Monitor and support the implementation of compulsory Gr. R education in public ordinary schools
- Piloting of the 2nd year of the ECD education in both private and public schools
- Inputting on the impending function shift 0-4 from DSD to Department of Education

5.2.1. SOCIAL SECTOR INCENTIVE GRANT

- Contracting and training of 52 gardeners to promote food gardening at schools through EPWP Grant.
- Create work opportunities for 52 child-minders and 4 data capturers through the EPWP programme (Funded through Incentive grants).
- Create work opportunities for 116 child-minders.
- Contracting and training of 4 Data Capturers through EPWP programme.

5.3. Strategic Objectives

Strategic Objective	Expand access and quality provision in ECD
Objective Statement	Increase number of children accessing grade R services to 180 000 by 2020
Baseline	165 379 have access (2013)

Strategic Objective	Effective and competent early child hood development workforce
Objective Statement	Enhance the quality and effectiveness of the early childhood development by workforce improving the qualification of 1600 practitioners to NQF L4 and 1100 practitioners/teachers on NQF L6 by 2020
Baseline	1 774 practitioners trained on NQF L4 and 373 teachers on NQF L6 (2013)

Strategic Objective Annual Targets

Strategic objective	Strategic plan Target	Audited/Actual performance			Estimated performance 2018/19	Medium-term targets		
		2015/16	2016/17	2017/18		2019/20	2020/21	2021/22
Expand access and quality provision in ECD	180 000	177 788	163 919	165 252	170 000	180 000	185 000	190 000

			1 st	2 nd	3 rd	4 th
PPI5.2	Number of Grade R practitioners employed in public ordinary schools per quarter	Quarterly	2 068	2 068	2 068	2 068

NB: All other priorities and PPMs, and PPIs are detailed and tracked through the 2019/120 Implementation Plan.

5.6 Performance and Expenditure Trends

The financial tables above reflect payments and budgeted estimates relating to this programme for the period 2016/17 to 2021/22. The budget growth reflects the focus of the sector towards universal access to Grade R. The decline in the payment of transfers and subsidies as from 2015/16 is as a result of payment of educators through the PERSAL system.

The emphasis in ECD should be on improving quality in ECD provisioning in order to professionalize the ECD sector. Grade R phase is being implemented and managed with varying qualifications and less favourable conditions of service. The concept document drafted by DBE, state qualifying practitioners outside the Public Sector may be considered for the Foundation Phase teaching posts. Creation of educator posts should be seen within the context of making Grade R compulsory in 2019.

Grade R teachers need to enjoy the same status teachers in the mainstream. There is a career path plan to encourage all under qualified and/or unqualified practitioners to upgrade their qualification (in accordance with the government gazette on minimum qualifications requirements) before they can be appointed and enjoy same benefits of a qualified REQV 13 educator.

There are budget pressures pertaining to the effective implementation of the ECDI in the MTEF. The ECDI is meant to assist in professionalising the ECD sector by equipping 0-4 practitioners with skills and knowledge in Child Care. There are also budget pressures pertaining to the provision of indoor and outdoor play based resources to Pre-Grade R centres and schools. The implication of LTSM budget pressures impacts adversely on learners' school readiness and their social, physical and intellectual development is impaired contributing to poor performance in the Foundation Phase

6. PROGRAMME 6: INFRASTRUCTURE DEVELOPMENT

Purpose: To provide and maintain infrastructure facilities for the administration and schools.

6.1 Programme Overview

The programme is meant to provide support to the core curriculum provisioning that requires the availability of infrastructure to happen. Through this programme, the department aims to deliver cost effective and sustainable infrastructure.

The Department's task of providing educational facilities to support the goal of providing universal access to primary education remains a challenge. The approach required to make sustainable progress is increasingly clear, but challenges of implementation remain considerable. The condition, location and nature of school infrastructure have an impact on access and quality of education, i.e.:

- The closer a school is to a child's home, the more likely the child is to attend school, because of both distance and safety issues;
- Where the quality of infrastructure (particularly water and sanitation facilities) is improved, enrolment and completion rates are also improved and there is less teacher absenteeism;
- Where the condition of school facilities is improved, learning outcomes are also improved.

The Department will strive to improve its infrastructure planning capacity at all levels. This is a key factor which we have started to address by appointing officials with the relevant skills and are currently expanding the same to limit/reduce reliance on external consultants in executing our duties.

6.2 Priority Plans for 2019/20

- Practical completion of Thaba Chweu Boarding School and finalisation of planning.
- Eradicate all unsafe basic services infrastructure
- Attend storm damaged and conduct corrective maintenance to 33 schools.
- Refurbishment of district and circuit offices
- Complete bid document for Education Infrastructure Grant as per the DORA amendment
- Conduct need assessment on all schools that need maintenance
- Update NIEMS and EMFS on projects undertaken

6.3. Strategic Objective

Strategic Objective	Schools meeting minimum norms and standards
Objective Statement	Ensure that all schools have basic infrastructure service in compliance with the infrastructure minimum norms and standards implementation plan (sanitation, water, electricity and eradication of inappropriate structures)
Baseline	133 out of 1752 schools meet norms and standards (2013)

Strategic Objective	Eradicate maintenance backlog
Objective Statement	Increase the number of schools with conditions EFMS score/rating >4,5 (schools requiring minor maintenance) to 1 452 by 2020
Baseline	833 schools have a conditions EFMS rating of <3,5 (schools needing more than 45% building replacement)

► PPM609: Number of hostels built	1	0	1	1	1	1
► PPM610: Number of schools where scheduled maintenance projects were completed.	0	8	21	60	197	202
* The splits of the rows on PPM 606 and 607 refers to: the first row refers to new schools and second row refers to replacement schools (inappropriate structures)						

6.5 Quarterly targets for 2019/20

None.

NB: All other priorities and PPMs, and PPIs are detailed and tracked through the 2019/20 Implementation Plan.

6.6 Performance and Expenditure Trends

The tables above reflect payments and budgeted estimates relating to this programme for the period 2016/17 to 2021/22. Table B5 indicates details of all projects planned for the 2019 MTEF period. The budget and implementation of the projects is prioritised in line with the approved national infrastructure norms and standards.

7. PROGRAMME 7: EXAMINATION AND EDUCATION RELATED SERVICES

Purpose: To provide training, support and effective implementation of skills development programmes towards improving human capital capacity for the Province

7.1 Overview of Public Examinations

The Department is responsible for overall management of the administration of the SC, NSC and the ABET level 4 examinations. Five examinations are administered per year, including the supplementary NSC examinations administered in Feb/March each year.

Administration of examinations includes several preparatory phases before the actual writing of the examinations. These phases include: registration of candidates; administration of School Based Assessments (SBA); printing of question papers; writing of examinations; marking of scripts by markers; capturing of marks for resulting purposes; release of results; and finally, issuing of certificates to all successful candidates.

7.1.1 Priority Plans for 2019/20

- Administer incident free examination across all grades.
- Register and results candidates for NSC, SC and ABET Level 4
- Certification of all qualifying candidates for NSC, SC and ABET Level 4.
- Manage the National Common Assessments and verification of SBA moderation.

7.2 Transversal HRD Overview

The EXCO Resolution No. 14/2010 centralized all skills development functions to the Department of Education with effect from 2012/13 financial year this resolution with all HRD Policies will govern the implementation of skills development.

The development and implementation of a credible Provincial HRD Strategy is consistent with the problem statement as identified in the Socio-Economic Review Outlook of Province and the current Mpumalanga Growth Path. Transversal HRD is a vital instrument in all Provincial Strategies to accelerate skills development. In view of this, the interventions and activities outlined in the Strategic Plan have been formulated in response of the HRD implication of the following development strategic in Mpumalanga:

- Mpumalanga HRD Strategy
- Integrated Youth Skills Development Strategy
- Mpumalanga Economic Growth Path
- Strategy for Recruitment and Retention of Scarce and Critical Skills

The Mpumalanga Provincial Government reaffirms its commitment in increasing its current skills base within the province, by providing opportunities through the following programmes:

- Provincial Bursary Scheme
- Learnerships
- Internship
- Short skills programme
- Quality Assurance

7.2.1 Priority Plans for 2019/20

Facilitate and lead the implementation of the Provincial Human Resource Development Strategy, the following will be prioritised in the 2019/20 financial year:

- Use the established HRD Council as a vehicle to strengthen strategic partnerships.
- Administer the provincial bursary programme
- Coordinate and roll-out Compulsory Induction Programme for 800 newly employed officials.
- Monitor and evaluate implementation of Generic training for 1500 employees and PVOTAL for 500 employees.
- Quality assure 75% of PVOTAL and Generic Training Programmes.
- Coordinate and monitor departments' implementation of Learnership and interns programmes.

7.3 Mpumalanga Regional Training Trust

The main focus of the MRTT is to empower individuals and communities, primarily the youth, industry workers and government employees in disadvantaged communities, in order for them to participate in the broader economic sphere of the province.

Priority Plans for 2019/20:

- Development of a roll-out plan for fast-tracking the implementation of the Agriculture and Tractor Mechanics Programme.
- Continuous implementation of new three (3) artisan development programme that will be able to support and prepare qualifying learners to successfully complete the relevant trade test.
- Develop an acceleration plan to operationalize the Skills hub with a detailed report on what is required, including best approaches as alternatives.
- To effectively implement an integrated support programme for placement of graduates from MRTT, a database and profile of all qualified students from MRTT to be finalised and maintained.

7.4 Overview of Life Skills, HIV and AIDS

The primary purpose of the grant is to support South Africa's HIV prevention Strategy by increasing Sexual and Reproductive Health knowledge, skills and appropriate decision making amongst learners and educators. Furthermore, it is to mitigate the impact of HIV and TB providing a caring, supporting, safe and enabling environment that is free of discrimination, stigma and any form of sexual harassment.

7.5 Conditions of the Grant:

The Life Skills HIV and AIDS conditional grant is to be utilized mainly for curricular activities targeting the following focal areas and applying the agreed upon budget allocation per focal area:

- Training of educators to implement Sexual Reproductive Health (SRH) and TB programme for learners to be able to protect themselves from HIV and TB including alcohol and drug use.
- Implementing Co-curricular activities (Peer Education) on SRH and TB for learners to increase knowledge and skills to take self-appropriate SRH decisions.
- Capacity building of School Management Teams to develop school implementation plans. The plans will enable School Management Teams to create an enabling environment that is accessible to all and that addresses risk behaviour and decision-making skills among learners;
- Implementation of Care and support programmes within the Care and Support for Teaching and Learning Framework.

7.5.1 Priority Plans for 2019/20

- Collaborate with other stakeholders to increase the programme reach.
- Capacitate 1 140 teachers on care and support for teaching and learning focusing on safety of learners, reducing barriers to learning.
- Capacitate 1000 Coordinators on SRH, ISHP, HIV and related chronic illnesses such as TB
- Appoint and remunerate 130 Learner Support Agents in areas with high transmission areas on TB, HIV and Drug Abuse.

7.6 Strategic Objectives

Strategic Objective	Examinations management systems
Objective Statement	Strengthen efficiency of examinations and assessment management systems to register learners from grades 1 to 12 on comprehensive provincial learner database
Baseline	Only grades 10 to grade 12 learners are registered on examinations database
Strategic Objective	Increase bachelor passes
Objective Statement	Increase the percentage of grade 12 learners passing at bachelor level to 34% by 2020
Baseline	24.9% (2014)
Strategic Objective	Increase Maths Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Mathematics from 21.1% to 28%
Baseline	21.1% Maths (2014)
Strategic Objective	Increase Physical Science Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Physical Science from 20.2% to 33%
Baseline	20.2% Physical Science (2014)
Strategic Objective	Bursaries in scarce and critical skills
Objective Statement	Increased access to post school funding in critical and scarce skills as indicated in the HRDS and MEGDP by offering bursaries to 3 400 students by 2020
Baseline	570 Students
Strategic Objective	Skilled and capable workforce
Objective Statement	Increase the percentage of bursars completing formal education and acquiring work placement to 50% by 2020
Baseline	10% of graduates placed
Strategic Objective	Artisan Development
Objective Statement	Train 5000 learners in artisan development programmes focusing on constructions, manufacturing and engineering related trades by 2020
Baseline	32 Candidates qualified as artisans in 2013/14
Strategic Objective	Mitigate the impact of HIV and TB
Objective Statement	To ensure that the most vulnerable and indigent learners access and complete schooling through the provisioning of care and support programmes to 20680 teachers and 28380 Learners by 2020
Baseline	23 458 Learners reached (Since 2005), and 34 721 teachers capacitated (Since 2001)

Strategic Objectives Annual Targets

Strategic objective	Strategic Plan Targets	Audited/Actual performance			Estimated performance 2018/19	Medium-term targets		
		2015/16	2016/17	2017/18		2019/20	2020/21	2021/22
Examinations management systems	Gr. 1 to Gr.12 learners registered	Gr.8 to Gr.12 learners registered	Gr. 7 to Gr. 12 learners registered	Gr. 5 to Gr. 12 learners registered	Gr. 4 to Gr. 12 learners registered	Gr. 1 to Gr.12 learners registered	Gr. NB: The National Assessment Programme Performance Measures will be inserted once the remodelling National Assessment is complete.

7.8 Quarterly Targets for 2019/20

Programme Performance Measure/Indicators	Reporting Period	Annual Target 2019/20	Quarterly Targets			
			1 st	2 nd	3 rd	4 th
PPI7.5 Number of teachers and learners trained on care and support programmes to make informed decisions	Quarterly	3 440	940	2 000	0	500
		4 630	1 400	2 000	0	1 230

*The first row refers to teachers and the second row refers to learners.

7.9 Performance and Expenditure Trends:

To provide educational institutions with training and support on Life Skills, HIV and AIDS, payments to SETA, the administration of external examinations, payment of bursaries and transfers to MRTT.

The tables above reflect payments and budgeted estimates relating to this programme for the period 2016/17 to 2021/22.

The relatively high increase in compensation of employees in this programme, Examinations and Education Related Services is due to the increased salaries of examination markers. This programme also shows an increase in the budget for goods and services over the 2019/20 MTEF for the exam support activities. Allocation for MRTT has been reduced as a result of budget cuts.

Under special programmes the department caters for the following:

- Awarding of bursaries to address scarce and critical skills
- Provision of internship and learnership opportunities to the youth in collaboration with other departments, private sector and SETAs.
- Transfer of funds to the Mpumalanga Regional Training in order to empower individuals and communities especially the youth and industry workers in disadvantaged communities.

Part D: Links to Other Plans

The infrastructure plan of the Department is linked to the Annual Performance Plan in that quality school infrastructure is important in order to create a conducive learning environment.

The Department will also be aligning its Human Resources Plan and ICT plan to the APP, so as to comprehensively realise the ideals espoused in the documents.

1. Conditional Grants

Name of Grant	Objective	Outputs / Activities	Budget R'000
NSNP	To ensure adequate access to NSNP by all needy learners in our schools and to ensure sustainability through food production initiatives.	<ul style="list-style-type: none"> Ensure the implementation of the programme in Q1 – 3 schools in line with DORA targeting learners (incl. Gr. R). Implementation of the deworming programme to learners in Grade R to Grade 7. Ensure that all food handlers in all NSNP schools are contracted. Train food handlers on basic hygiene and food preparation. 	687 691
Education Infrastructure Grant	To ensure the provision of adequate infrastructure by ensuring that no learner be under trees, in shacks or in buildings that are not conducive to teaching and learning.	<ul style="list-style-type: none"> Implementation of maintenance programme in line with the grant conditions. Plan for 2020/21 infrastructure projects; and bid for the Education Infrastructure Grant as per the DORA Amendment Bill 2016. Update NEIMS and EFMS in line with the projects undertaken during the year under review. Eradicate infrastructure backlogs in line with the infrastructure norms and standards implementation plan. 	731 792
MST Grant	To provide resources and capacity building programmes to selected schools in order to improve maths and science performance	<ul style="list-style-type: none"> Supply schools with Mathematics, Science and Technology resources Supply and maintain machinery and equipment in 20 schools offering technical subjects Support learners through camps, competitions and initiatives to stimulate interest in Mathematics, Sciences and Technology. Support teachers on subject and pedagogical content knowledge in all MST subjects. 	40 354
Life skills, HIV and Education	To assist learners in making informed decisions and wise choices throughout their lives and improve learners' knowledge, attitudes, values and skills	<ul style="list-style-type: none"> Training of educators to implement Sexual Reproductive Health (SRH) and TB programme for learners to be able to protect themselves from HIV and TB including alcohol and drug use. Implementing Co-curricular activities (Peer Education) on SRH and TB for learners to increase knowledge and skills to take self-appropriate SRH decisions. Capacity building of School Management Teams to develop school implementation plans. The plans will enable School Management Teams to create an enabling environment that is accessible to all and that 	21 919

	associated with HIV prevention.	<p>addresses risk behaviour and decision-making skills among learners;</p> <ul style="list-style-type: none"> Implementation of Care and support programmes within the Care and Support for Teaching and Learning Framework. 	
Social Sector Expanded Public Works Programme	To assist in the reduction of employment by providing stipends to gardeners and child minders	<ul style="list-style-type: none"> Contracting and training of gardeners to promote food gardening at schools through EPWP Grant. Contracting and training of child minders in registered ECD Community Centres. Create work opportunities for child-minders Contracting and training of Data Capturers through EPWP programme. 	2 767
Expanded Public Works Programme Incentive Grant for Provinces	The expanded Public Works Programme (EPWP) is one element within a broader government strategy to reduce poverty through the alleviation and reduction of unemployment.	<ul style="list-style-type: none"> Data capturing Construction of toilet facilities in 1 school Construction of assembly area shelters in 3 schools 	2 727
Learners with profound intellectual disabilities Grant	To provide necessary support, resources and equipment to children with severe to profound intellectual disabilities	<ul style="list-style-type: none"> Guide and support District Outreach Teams for maximum benefit to Learners with special education needs. Provision of an accredited training programme for teachers and care givers with severe to profound intellectual disabilities in stimulation / partial care centres and special schools. Training of outreach officials to provide outreach services to special schools and stimulation / partial care centres Training of teachers from the special schools to support children with severe to profound intellectual disability enrolled at special schools by delivering the learning programmes Capacity building of caregivers at stimulation / partial care centres contributing towards their professionalisation. 	26 094

2. Public Entities

Name of Entity	Purpose	Budget R'000
MRTT	To increase the intake of out-of-school youth into skills programmes particularly the hospitality and tourism, technical and entrepreneurial fields.	224 400

3. Public-Private Partnerships

None

4. Appendix A: ACTION PLAN 2019 AND DELIVERY AGREEMENT INDICATORS (NATIONAL)

The national Department of Basic Education will provide provinces with information for this section. The provision of information on indicators 16.1 to 27.2 is dependent on the availability of findings from a school monitoring survey that will be conducted by the Department of Basic Education. The Department does not have a system in place to collect information on indicators 16.1 to 27.2 on an annual basis. The Department will update information on these indicators as information becomes available.

Indicator number	Indicator title	Source of data	Provincial Performance in 2017/18 ⁴ (or most recent)	Target 2019/20
1.1	Percentage of Grade 3 learners performing at the required <i>literacy</i> level according to the country's Annual National Assessments.	ANA verification	63.4%	ANA is currently being remodelled
1.2	Percentage of Grade 3 learners performing at the required <i>numeracy</i> level according to the country's Annual National Assessments.	ANA verification	60.3%	
2.1	Percentage of Grade 6 learners performing at the required <i>language</i> level according to the country's Annual National Assessments.	ANA verification	77.7% (HL) 42% (FAL)	
2.2	Percentage of Grade 6 learners performing at the required <i>mathematics</i> level according to the country's Annual National Assessments.	ANA verification	27%	
3.1	Percentage of Grade 9 learners performing at the required <i>language</i> level according to the country's Annual National Assessments.	ANA verification	61.1% (HL) 23.5% (FAL)	
3.2	Percentage of Grade 9 learners performing at the required <i>mathematics</i> level according to the country's Annual National Assessments.	ANA verification	1.9%

6. APPENDIX C

TECHNICAL DEFINITIONS

PROGRAMME 1	
Indicator title	PPM101: Number of public schools that use the school administration management systems to electronically provide data to the national learner tracking system
Short definition	The South African School Administration and Management System (SA-SAMS) was introduced to assist school in managing their administrative systems. Public schools in all provinces are expected to phase in usage of the system to record and report on their data. The system could include third party or other providers. This performance indicator measures the number of public schools that use electronic systems to provide data to the national learner tracking system. Public School: Refers to ordinary and special schools. It excludes independent schools.
Purpose/importance	To measure improvement in the provision of data from schools in the current financial year.
Policy linkage	National Education Information Policy
Source/collection of data	Provincial EMIS database, SA SAMS database as per LURITS downloads, database of third party system (admin system)
Means of verification	Snapshot of schools providing information to LURITS (This should include EMIS no., District and name of school).
Method of calculation	Total number of public schools that use school administration and management systems to provide data to learner tracking system.
Data limitations	Uploading of incomplete information
Mitigations	Physical verification of information by district and head office personnel
Type of indicator	Output
Calculation type	Non-Cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All public ordinary schools must be able to collect and submit data electronically
Indicator responsibility	EMIS sub-directorate
Indicator title	PPM102: Number of public schools that can be contacted electronically (e-mail)
Short definition	Number of public schools that can be contacted electronically particularly through emails or any other verifiable means e.g. Human Resource Management Systems. Public School: Refers to ordinary and special schools. It excludes independent schools.
Purpose/importance	This indicator measures accessibility of schools by departments through other means than physical visits. This is useful for sending circulars, providing supplementary materials and getting information from schools speedily in the current financial year.
Policy linked to	Education Information Policy Act
Source/collection of data	Provincial EMIS database
Means of verification	EMIS database with minimum of the following; EMIS No, Name of a school and email address or HRMS user access reports; sent out test emails
Method of calculation	Record total number of public schools that can be contacted electronically
Data limitations	Some schools not indicating e-mails addresses, typing errors in capturing emails address
Mitigation	<ul style="list-style-type: none"> Explore the possibility of inserting compulsory fields for completion of annual surveys Sent test emails out to confirm the accuracy of the emails address Quality assuring the capturing through line functions
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All public schools to be contactable through emails or any other verifiable means.
Indicator responsibility	EMIS sub-directorate

Indicator title	PPM103: Percentage of education current expenditure going towards non-personnel items
Short definition	Total expenditure (budget) on non-personnel items expressed as a percentage of total current expenditure in education. Education Current Expenditure: Refers to all government non-capital education expenditure (inclusive of all sub-sectors of education including special schools, independent schools and conditional grants). This indicator looks at the total budget.
Purpose/importance	To measure education expenditure on non-personnel items in the current financial year.
Policy linked to	PFMA
Source/collection of data	Basic Account System (BAS) system
Means of verification	Annual Financial Reports
Method of calculation	Divide the total education expenditure (budget) on non-personnel items by the total expenditure as at the end of the financial year in education and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To decrease personnel expenditure and ensure that more funds are made available for non-personnel items. On or below target i.e. more funds spent on non-personnel items than anticipated.
Indicator responsibility	Management Accounting Directorate
Indicator title	PPM104: Number of schools visited by district officials for monitoring and support purposes.
Short definition	Number of schools visited by Circuit Managers or Subject Advisors in a quarter for monitoring and support. This includes visits to public ordinary schools, special schools and excludes visits to independent schools. Circuit Manager: this is a manager who oversees and supports a cluster/group of schools on behalf of the District manager. Subject Advisor is a district based curriculum official (office based educators) possessing knowledge, skills, and values on a field who visits schools and support educators with implementation of curriculum and assessment policies. Therefore, district officials include all officials from education district office and circuits visiting schools for monitoring and support purpose (these visits are not for social support but focuses on issues relating to teaching and learning at schools).
Purpose/importance	To measure support given to schools by the district officials including Circuit Managers or Subject Advisors in the current financial year.
Policy linked to	SASA and MTSF
Source/collection of data	Circuit Managers and Subject Advisors signed school schedule and school visitor records or schools visit form.
Means of verification	Schools visit form corroborated by the beneficiary (with school stamp and beneficiary signature), Quarterly reports (on the number of schools visited by district officials including the Circuit Managers or Subject advisers) and database of schools visited.
Method of calculation	Record total number of schools that were visited by circuit managers per quarter for support and monitoring.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All schools that need assistance to be visited per quarter by district officials for monitoring, support and liaison purposes. On or above target
Indicator responsibility	Chief Director District Coordination

New MTSF aligned PPM

Indicator title	PPM 105: Percentage of 7 to 15 year olds attending education institutions.
Short definition	The percentage of children 7 to 15 years old in the province attending any school or educational institution (<i>this refers to Public Ordinary Schools, Special Schools and Independent Schools</i>).
Purpose/importance	To measure the extent to which children of compulsory school going age are attending schools as expressed in the Constitution.
Policy linked to	Constitution, South African Schools Act and National Education Policy Act.
Source/collection of data	Statistics South Africa (STATSSA) for the number of learners of schools going age in the province and provincial learner records for the number of learners. The General Household Survey (GHS) information for the year in progress will be used as the denominator and will be supplied by DBE.
Means of verification	STATSSA records and General Household Survey (GHS) Provincial Department of Education learner records
Method of calculation	Numerator: total number of learners between the ages of 7 and 15 who are attending schools in the province Denominator: total number of learners between the ages of 7 and 15 who are in the province according to STATSSA - Multiply by 100
Data limitations	Data from STATSSA is based on sampling; denominator and numerator are from different data sources, one of which is an external source i.e. STATSSA and population mobility and the other is an internal source. The data which will be provided will be from different time periods.
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All learners of compulsory school going age are attending school.
Indicator responsibility	Directorate: MIT

New MTSF aligned PPM

Indicator Title	PPM 106: Percentage of learners having access to information through (a) Connectivity (other than broadband); and (b) Broadband
Short definition	<p>To measure the percentage of learners in public schools where the department provides access to the internet for learners.</p> <p>Note: Connectivity, including Broadband refers to telecommunication in which a wide band of frequencies is available to transmit information and enables a large number of messages to be communicated simultaneously. In the context of internet access, broadband is used to mean any high speed internet access that is always on and faster than traditional dial-up access. This can be achieved through fixed cable and DSL internet services or through fixed wireless broadband services, such as mobile wireless broadband where a mobile card is purchased for a modem or laptop and users connect to the internet through cell phone towers.</p>
Purpose/importance	To ensure that ICT can be used for improved learning and teaching in an effective manner and allow learners to gain access to information via the internet to assist them in learning and assessment.
Policy linked to	NDP; MTSF; and White Paper on E-Education.
Source/collection of data	Database of schools kept by ICT section where the department/state pays for connectivity and/or broadband access.
Means of verification	Annual audit of schools where learners have access to broadband or any other internet connectivity access; and/or BAS report/invoices of broadband/ICT services paid on behalf of schools in the year under review.
Method of calculation	<p>Numerator: total number of learners in public schools that have access to connectivity/ broadband.</p> <p>Denominator: total number of learners in all public schools</p> <p>Multiply by 100</p>
Data limitations	None
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All learners have access to internet connection to be able to access information that may assist them in the completion of learning and assessment assignments.
Indicator responsibility	Directorate: MIT

New MTSF aligned PPM

Indicator Title	PPM 107: The percentage of school principals rating the support services of districts as being satisfactory.
Short definition	Percentage of school principals rating the support services of districts as being satisfactory. This is based on a sample survey. Survey tool is called the Principal Survey Instrument/Tool Satisfactory means: the service provided by the district that has been rated as such by the surveyed school principals i.e. the recorded sum of the scores 3 and 4 as described by the 4 point scale (1=Not useful, 2=Somewhat useful, 3=Useful, 4=Very useful)
Purpose/importance	To measure how principals view the support provided to their schools by Circuit Managers and Subject Advisors.
Policy linked to	SASA, MTSF, District Policy
Source/collection of data	Sample Survey Database of school principals participating in the survey
Means of verification	School Survey on District Support.
Method of calculation	Numerator: total number of school principals expressing satisfaction Denominator: total number of principals participating in the survey Multiply by 100
Data limitations	Schools not participating.
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	Schools must get full support from education districts in management and governance as well as curriculum provision to ensure that all schools provide quality basic education across the province.
Indicator responsibility	Directorate: DBE- School Monitoring Survey

Indicator title	PPM108: Teacher absenteeism rate
Short definition	Absence of a teacher, who should be at school teaching and whose absence from school has been recorded.
Purpose/importance	To measure the extent of teacher absenteeism in school in order to develop systems to reduce and monitor the phenomenon regularly. The aim is to count learner days lost due to educator absenteeism in the current financial year.
Policy linked to	SASA
Source/collection of data	PERSAL
Means of verification	Database of educators recorded as absent from work (based on PERSAL leave forms submitted)
Method of calculation	Divide the total number of working days lost due to teachers' absenteeism by the total number of possible working days in a quarter and multiply by 100. This is a provincial average.
Data limitations	Delay in the submission of leave forms and the updating of PERSAL
Type of indicator	Efficiency
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	High percentage of teacher to be on time and teaching at schools during school hours. On or below target i.e. absenteeism to be less than anticipated.
Indicator responsibility	HR Benefits Directorate

New MTSF aligned PPM

Indicator title	PPM 109: Number and percentage of Funza Lushaka bursary holders placed in schools within six months upon completion of studies or upon confirmation that the bursar has completed studies.
Short definition	Measure the number of Funza Lushaka bursary holders appointed by schools, in the province in question, within six months of completion of studies. "Placed" is defined as: securing appointment at a school in a permanent capacity.
Purpose/importance	The basic education sector continues to experience problems attracting enough young and appropriately skilled people. The Funza Lushaka Bursary scheme is used to ensure that young people study towards an educator qualification aimed at scarce skills within the sector. These new entrants need to be absorbed in schools in provinces according to the requirements of the bursary scheme.
Policy linked to	NDP; and Funza Lushaka Policy
Source/collection of data	Human Resource Directorate – PERSAL
Means of verification	PERSAL; and Data base of Funza Lushaka bursary holders
Method of calculation	Numerator: total number of Funza Lushaka bursary holders placed in schools within 6 months Denominator: total number of eligible (based on time of qualification), qualified Funza Lushaka bursary graduates Multiply by 100
Data limitations	Placement of graduates in other provinces impacts on the provision of comprehensive provincial data; and Adequate data not readily available to track the placement of Funza Lushaka bursars.
Type of indicator	Output
Calculation type	Non - cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All Funza Lushaka bursary holders with the right qualifications and skills to be appointed in schools.
Indicator responsibility	Directorate: Human Resources Provisioning

New MTSF aligned PPM

Indicator title	PPM 110: Number of qualified Grade R-12 teachers aged 30 and below, entering the public service as teachers for the first time during the financial year.
Short definition	This refers to total number of qualified teachers, aged 30 and below, being permanently/temporarily employed for the first time into the system as teachers.
Purpose/importance	To ensure that young teachers are entering the workforce.
Policy linked to	School Post Provisioning Norms; Educators Employment Act (EEA); and Personnel Administration Measure (PAM)
Source/collection of data	PERSAL
Means of verification	PERSAL data/Information
Method of calculation	Count the total number of educators in schools who are registered in the PERSAL system that are below 30 years of age and are first time permanently/temporarily employed during the period under review. If an annual target is reflected for a particular quarter, then the output reported for that quarter will be used as the annual output.
Data limitations	None
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	The Department needs to ensure that a stream of young teachers enters the profession.
Indicator responsibility	Directorate: Human Resources Provisioning

New MTSF aligned PPM

Indicator title	PPM 111: Percentage of schools where allocated teaching posts are all filled
Short definition	The total number of schools where allocated teaching posts are all filled expressed as percentage of all schools. "Filled" is defined as having a permanent/temporary teacher appointed in the post. In the context of education temporary appointments are very much an inherent part of the appointment process.
Purpose/importance	To ensure that the availability and utilisation of teachers are such that there is a teacher in every class at all times.
Policy linked to	Post Provisioning Norms
Source/collection of data	Post provisioning database; and PERSAL
Means of verification	PERSAL data; Post provisioning database; and Staff establishment of schools
Method of calculation	Numerator: total number of schools that have filled all their posts in accordance with their post provisioning norms allocation Denominator: total number of schools that received post provisioning norms allocation Multiply by 100
Data limitations	None
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	To ensure that all posts allocated are filled.
Indicator responsibility	Directorate: Human Resources Provisioning

New MTSF aligned PPM

Indicator Title	PPM 112: Percentage of schools producing a minimum set of management documents at a required standard.
Short definition	This indicator measures the extent to which all schools adhere to good management practice by ensuring that the following minimum set of management documents are produced at the required standard, which means in line with the templates provided. The documents are: School Budget, School Improvement Plan, Annual Report, attendance registers for educators and learners, Records of learner marks.
Purpose/importance	SASA and other educational policies prescribe certain management documents to be available and implemented at schools and are managed at least at a minimum standard across the country (templates provided).
Policy linked to	SASA; Whole School Evaluation Policy 2001; School Policy on Learner Attendance; and School Policy on Educator Attendance
Source/collection of data	Completed survey tool (Building Blocks for Effective School Management Tool) in the form of a checklist; and List of schools with minimum set of management documents
Means of verification	Monitoring tools and/or reports.
Method of calculation	Numerator: total number of Public ordinary schools with all identified management documents available Denominator: total number of all Public ordinary schools Multiply by 100 <i>In the case of MDoE, the targeted schools will be a sample of the entire school population.</i> <i>Numerator: total number of sampled schools complying with the minimum standard</i> <i>Denominator: Total number of targeted schools.</i>
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All schools must be able to produce minimum management documents
Indicator responsibility	Directorate: Teacher Development and Governance

New MTSF aligned PPM

Indicator Title	PPM 113: Number and Percentage of SGBs in sampled schools that meet minimum criteria in terms of effectiveness every year.
Short definition	The percentage of sampled schools where the School Governing Body (SGB) meets the minimum criteria in terms of effectiveness, i.e. where there is an elected SGB, a Constitution of the SGB in terms of membership, at least one SGB meeting per quarter was held and there was a parents meeting where the budget was tabled (evidenced by attendance registers and minutes of meetings).
Purpose/importance	To ensure that all schools comply with the legislations and regulations that directs the functionality of School Governing Bodies towards parental involvement in education.
Policy linked to	The Constitution of the RSA Act; SASA (Section 20, 21, 34 – 44); Whole School Evaluation Policy 2001; and Promotion of Access to Information Act.
Source/collection of data	Sample survey tool in the form of questionnaire/checklist.
Means of verification	The survey tool signed off by the official and the principal or representative.
Method of calculation	Numerator: total number of schools sampled in which the SGB meets the minimum criteria in terms of effectiveness (as defined above) Denominator: total number of sampled schools Multiply by 100
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All schools have functional and effective SGB structures.
Indicator responsibility	Directorate: Teacher Development and Governance

New MTSF aligned PPM

Indicator title	PPM 114: Percentage of schools with more than one financial responsibility on the basis of assessment.
Short definition	This indicator measures the total number of schools with more than one financial management function expressed as a percentage of the total number of schools.
Purpose/importance	To enable schools to operate autonomously.
Policy linked to	Amended National Norms and Standards for School Funding/ adequacy allocation for learners / PFMA / SASA
Source/collection of data	School Funding Norms and Standards database
Means of verification	Budget transfer documents (these documents list schools, number of learners, budget allocation and the functions allocated).
Method of calculation	Numerator: number of ordinary public schools that are given more than one financial management function as per Section 21 of SASA Denominator: total number of ordinary public schools Multiply by 100
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All qualifying schools given the full set of financial management functions
Indicator responsibility	Office of the Chief Financial Officer (CFO).

Provincial Programme Performance Indicators

Indicator title	PPI 1.1: Percentage of targets achieved per financial year
Short definition	Total number of targets on programme performance measure and indicators planned in the annual performance plan achieved fully as expressed in percentage. Calculation of targets achieved is based on the sector Programme Performance Measures and Provincial Performance Indicators.
Purpose/importance	To ensure that the department achieve its set target as it appear in the current Annual Performance Plan.
Policy linked to	Constitution, PFMA, DORA and Performance Information Management Policy
Source/collection of data	Programme and project managers track progress quarterly and annually and submit quarterly and annual reports to strategic planning for compilation into departmental reports and further check the data reliability, accuracy and completeness.
Means of verification	Quarterly and annual reports supported by portfolio of evidence
Method of calculation	Total number of PPMs & PPIs achieved divided by total number of PPMs & PPIs as planned in the Annual Performance Plan multiplied by 100. (formula; total number of PPMs/Is achieved ÷ total planned PPMs/Is × 100)
Data limitations	None
Type of indicator	Efficiency
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	New
Desired performance	All planned targets in terms of PPMs/Is as indicated in the APP achieved
Indicator responsibility	All programme managers (coordinated by strategic planning directorate)

PROGRAMME 2

Indicator title	PPM201: Number of full service schools servicing learners with learning barriers
Short definition	Total number of public ordinary schools that serve and declared full service schools for the year. Full-service schools: are public ordinary schools that are specially resourced and orientated to address a range of barriers to learning in an inclusive education setting. These schools serve mainly learners with moderate learning barriers.
Purpose/importance	To measure access to public ordinary schools by learners with learning barriers in the current financial year.
Policy linked to	White Paper 6
Source/collection of data	Inclusive Education schools database, Database of identified schools with progress against national criteria;
Means of verification	List of public ordinary schools converted to full service schools signed off by DDG or public schools provided with assistive devices or appropriate infrastructure.
Method of calculation	Count the total number of full service schools
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To ensure that all special needs learners have access to schooling and that selected public ordinary schools are able to accommodate these learners. On or above target.
Indicator responsibility	Inclusive Education Directorate

Indicator title	PPM202: The percentage of children who turned 9 in the previous year and who are currently enrolled in Grade 4 (or a higher grade)
Short definition	The appropriate age for children enrolled in Grade 4 is 10 year olds. Therefore number of learners who turned 9 in the previous year, are equal to the children aged 10 in the current year, who are currently enrolled in Grade 4 and higher expressed as percentage of the total number of 10 year old learners enrolled in schools.
Purpose/importance	This indicator measures the efficiency in the schooling system for example the impact of late entry into Grade 1, grade repetition, and dropping out. Data on the grade attained and age of learners has been available for many years, through EMIS. Stats SA surveys such as the General Household Survey has started to collected information on grade enrolment from 2009. The information from EMIS is in the current financial year and GHS has a one year gap.
Policy linked to	SASA and MTSF
Source/collection of data	EMIS Annual School Survey (ASS) or LURITS, Actual survey completed by schools and accurately captured onto SA-SAMS; percentage reported from the EMIS annual survey database
Means of verification	Snapshot of the EMIS Annual School Survey database, declaration form signed off by the principal
Method of calculation	Divide the number of 10 year old learners enrolled in Grade 4 and higher in public ordinary schools by the total number of 10 year old learners attending these schools regardless of grade and express the answer as a %
Data limitations	Lack of accurate date of birth
Mitigation	<ul style="list-style-type: none"> Advocate campaign on registration and application birth certificates and IDs to parents in collaboration of Department of Home Affairs. Strengthen relation with Department of Home Affairs.
Type of indicator	Efficiency
Calculation type	Non-Cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	High proportions of learners of appropriate age to be in the appropriate Grades at schools
Indicator responsibility	EMIS sub-directorate
Indicator title	PPM 203: The percentage of children who turned 12 in the preceding year and who are currently enrolled in Grade 7 (or a higher grade)
Short definition	The appropriate age for children enrolled in Grade 7 is 13-year-old. Therefore number of learners who turned 12 in the previous year, are equal to the children aged 13 in the current year, who are currently enrolled in Grade 7 and higher expressed as percentage of the total number of 13 year old learners enrolled in public ordinary schools.
Purpose/importance	This indicator measures the efficiency in the schooling system for example the impact of late entry into Grade 1, grade repetition, and dropping out. Data on the grade attained and age of learners has been available for many years, through EMIS. The information from EMIS is in the current financial year and GHS has a one year gap.
Policy linked to	SASA and MTSF
Source/collection of data	EMIS Annual School Survey (ASS) or LURITS, Actual survey completed by schools and accurately captured onto SA-SAMS; percentage reported from the EMIS annual survey database
Means of verification	Snapshot or screenshot of the EMIS Annual School Survey database
Method of calculation	Divide the number of 13 year old learners enrolled in Grade 7 and higher in public ordinary schools by the total number of 13 year old learners attending these schools regardless of grade and multiply by 100 as at source date
Data limitations	None
Type of indicator	Efficiency
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	High proportions of learners of appropriate age to be in the appropriate Grades at schools. On or above target.
Indicator responsibility	EMIS sub-directorate

Indicator title	PPM204: Number of schools provided with media resources
Short definition	Learners need access to a wider range of materials such as books other than textbooks, and newspapers, materials which would typically be found in a library or multimedia centre. This is particularly important in poorer communities, where such materials are not readily available at home. Without access to, for instance, children's encyclopaedias, the learning experience becomes severely limited. This includes an e-learning programme.
Purpose/importance	To measure the percentage of learners with access to media resources. Access to quality library resources are essential to developing lifelong reading habits, particularly in poor communities where children do not have access to private reading material in the current financial year.
Policy linked to	SASA and Library Information Service
Source/collection of data	Library Information Service database (list of schools provided); Delivery notes
Means of verification	List of school provided with media resources including proof of deliveries (PoDs) signed off by beneficiaries
Method of calculation	Record the total number of schools that received the media resources
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All schools to be provide with media resources. On or above target
Indicator responsibility	Curriculum Branch, Asset and ICT sub-directorate

Indicator title	PPM205: Learner absenteeism rate
Short definition	Learner absenteeism is defined as a situation where a learner is not at school for an entire day.
Purpose/importance	This indicator examines the systems to identify the extent of learner absenteeism and ensure that systems exist to monitor and reduce learner absenteeism. The aim is to measure the number of learning days lost within a quarter in the current financial year.
Policy linked to	SASA
Source/collection of data	Database of learners absent from schools, according to the data captured from schools; Consolidated District report indicating absenteeism rate per district, circuit and school;
Means of verification	Reports from the schools, schools' class registers
Method of calculation	Divide the total number of schooling days lost due to learners' absenteeism by the number of schools' days in a quarter and multiply by 100. This is a provincial average.
Data limitations	Delay in the submission of the summary list of absent learners by schools without internet connections. Inadequate record keeping by schools.
Type of indicator	Efficiency
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	Yes
Desired performance	High percentage of learners to attend schools regularly. On or below target i.e. fewer learners are absent than anticipated.
Indicator responsibility	EMIS sub-directorate

Indicator title	PPM206: Number of learners in public ordinary schools benefiting from the “No Fee School” policy
Short definition	Number of learners attending public ordinary schools who are not paying any school fees in terms of “No fee school policy”. The government introduced the no-fee school policy to end the marginalisation of poor learners. This is in line with the country’s Constitution, which stipulates that citizens have the right to basic education regardless of the availability of resources.
Purpose/importance	To measure access to free education in the current financial year.
Policy linked to	Constitution, SASA and No fee school Policy
Source/collection of data	Resource target and EMIS database
Means of verification	Resource targeting table (this could be known by different names in various other provinces)
Method of calculation	Record all learners that are not paying school fees in line with “No Fee School Policy”
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All eligible learners to benefit from No Fee School Policy. Target met or exceeded.
Indicator responsibility	EMIS sub-directorate

Indicator title	PPM207: Number of educators trained in Literacy/Language content and methodology
Short definition	Teacher training and development is one of the top priorities in South African education guided and supported by the Strategic Planning Framework for Teacher Education and Development. Teachers are expected to complete courses aimed at improving their content knowledge and will be encouraged to work together in professional learning communities to achieve better quality education. Training of teachers to improving their content knowledge through skills programmes (e.g. in-service training, cluster training, etc.)
Purpose/importance	Targets for teacher development include: consistently attracting increased numbers of young qualified teachers; filling vacant posts; achieving the appropriate number of hours teachers spend in professional development activities; reducing teacher absenteeism and ensuring the full coverage of the curriculum in the current financial year.
Policy linked to	Strategic Planning Framework for Teacher Education and Development
Source/collection of data	GET, FET and Teacher Development Database and quarterly reports
Means of verification	Attendance registers of teacher trained
Method of calculation	Record the total number of teachers formally trained in content and methodology in Literacy/Language
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All teachers in all phases, notably Foundation and Intermediate to be trained in Literacy/Language content and methodology. Target for year to be met or exceeded.
Indicator responsibility	Curriculum branch and Human Resource Development directorate

Indicator title	PPM208: Number of educators trained in Numeracy/Mathematics content and methodology
Short definition	Teacher training and development is one of the top priorities in South African education guided and supported by the Strategic Planning Framework for Teacher Education and Development. Teachers are expected to complete courses aimed at improving their content knowledge and will be encouraged to work together in professional learning communities to achieve better quality education. Training of teachers to improving their content knowledge through skills programmes (e.g. in-service training, cluster training, etc.)
Purpose/importance	Targets for teacher development include consistently attracting increased numbers of young qualified teachers; filling vacant posts; achieving the appropriate number of hours teachers spend in professional development activities; reducing teacher absenteeism and ensuring the full coverage of the curriculum in the current financial year.
Policy linked to	Strategic Planning Framework for Teacher Education and Development
Source/collection of data	Human Resource Development or other provincial Database
Means of verification	Registers of teacher trained in the province
Method of calculation	Record the total number of teacher formally trained on content and methodology in Numeracy/Mathematics
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All teachers in all phases to be trained in Numeracy/Mathematics content and methodology. Target for the year to be met or exceeded.
Indicator responsibility	Curriculum Branch and Human Resource Development directorate

New MTSF aligned PPM

Indicator Title	PPM 209: The average hours per year spent by teachers on professional development activities.
Short definition	To measure the average hours per year spent by teachers on professional development activities, to ensure that teachers at all levels develop their teaching and learning skills to enhance curriculum delivery and assessment. Professional development is defined as training provided in a formal environment, for which teachers are registered (preferably as per Provincial Teacher Development Plan) and attendance recorded. Afternoon workshops may be included in this definition.
Purpose/importance	Teacher training and development is one of the top priorities in South African education guided and supported by the Integrated Strategic Planning Framework for Teachers Education and Development. Teachers are expected to undergo training aimed at improving their pedagogic and content knowledge and will also be encouraged to work together in professional learning communities to achieve better quality education.
Policy linked to	Integrated Strategic Planning Framework for Teachers Education and Development; and Skills Development Legislation.
Source/collection of data	Attendance registers
Means of verification	Plan for teacher development; Attendance registers of training workshops and attendance summary; Database of educators who participated in professional development activities
Method of calculation	Numerator: total number of hours spent by identified teachers in training provided by the Department Denominator: total number of identified teachers who were targeted for training workshops
Data limitations	Poor database management and incomplete attendance registers and non-submission of attendance registers by trainers
Type of indicator	Input
Calculation type	Non-Cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	Teachers show high commitment to teaching and learning and are equipped with excellent content knowledge and pedagogical skills to deliver the prescribed curriculum
Indicator responsibility	Directorate: Teacher Development

New MTSF aligned PPM

Indicator Title	PPM 210: Number of teachers who have written the Self-Diagnostic Assessments.
Short definition	To ensure that teachers at all levels are able to identify gaps in their content knowledge in order for relevant teacher development to be provided.
Purpose/importance	Teachers training and development is one of the top priorities in South African education guided and supported by the Strategic Planning Framework for Teachers Education and Development. Teachers are expected to complete courses aimed at improving their content knowledge and will be encouraged to work together in professional learning communities to achieve better quality education. The MTSF requires of teachers to test their content knowledge by voluntarily participating in anonymous and sample-based assessments to contribute towards relevant teacher development.
Policy linked to	MTSF and Strategic Planning Framework for Teachers Education and Development.
Source/collection of data	List of teachers who participated in the self-diagnostic assessment.
Means of verification	Database of identified educators who participated in sample-based self-assessments; and List of teachers that participated in the assessments.
Method of calculation	Count the number of teachers who participated in the assessment.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	Identified teachers participate in anonymous self-assessments
Indicator responsibility	Directorate: Teacher Development

New MTSF aligned PPM

Indicators Title	PPM 211: Percentage of teachers meeting required content knowledge levels after support.
Short definition	The percentage of teachers that show improved content knowledge in priority subjects after support. Priority subjects refer to Mathematics/Numeracy and Language/literacy. Note: Training needs identified are linked to a specific topic/item in the curriculum which determines the required content knowledge that is expected of the educator to have. Based on the training needs and the curriculum requirements, a support intervention is developed and delivered. To measure content knowledge, teachers will be expected to write assessments before and after training programmes/sessions.
Purpose/importance	To know if intervention programmes have a positive effect on educator content subject knowledge, and thereby to improve the quality of teaching and learning.
Policy linked to	Integrated Strategic Planning Framework for Teacher Education and Development; ELRC resolutions; and Skills Development Policy
Source/collection of data	Pre and Post-training assessments completed by identified teachers attending the training programmes
Means of verification	Pre and post-training assessment reports. List/summary of results on assessments per training programme/session.
Method of calculation	Numerator: total number of identified teachers who obtained 80% and above in post training assessment. Denominator: total number of teachers who completed the post training assessment Multiply by 100
Data limitations	Teachers not always willing to complete pre-and post-training assessments and The indicator applies only to teachers with identified needs.
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	That the subject knowledge of teachers, on a particular topic in the curriculum, increases after training.
Indicator responsibility	Directorate: GET, MST, MSTA and FET

New MTSF aligned PPM

Indicator title	PPM 212: Percentage of learners in schools with at least one educator with specialist training on inclusion
Short definition	<p>The total number of learners in public ordinary schools with at least one educator with specialist training on inclusion expressed as a percentage of the total number of learners.</p> <p>Specialist training is defined as all teachers who have one of the following:</p> <p>A full Higher Education Institution (HEI) qualification in Inclusive Education, e.g. Postgraduate Diploma in Education, NQF Level 8 or Postgraduate Certificate in Education / Advanced Diploma, NQF Level 7 or Advanced Certificate of Education in Inclusive Education NQF level 6 or B.Ed. and B.Ed. Honours specialising in Inclusive Education; and/or</p> <p>Attainment of accredited Short Courses and/or SACE endorsed programmes in one or more of the following: SIAS Policy, Curriculum Differentiation, Guidelines for Special Schools as Resource Centres, Guidelines for Full-Service Schools, SASL, Braille, and Curriculum Adaptation for Learners with Visual Impairment.</p>
Purpose/importance	To measure access to education for learners experiencing barriers to learning in the public ordinary schooling system.
Policy linked to	NDP; White Paper 6
Source/collection of data	<p>Attendance register of educators trained on inclusion (where applicable);</p> <p>Training and development data base (where applicable);</p> <p>PERSAL print out of qualifications; and</p> <p>List of all public ordinary schools with numbers of learners in those schools.</p>
Means of verification	List of public ordinary schools with numbers of learners where at least one educator was trained on inclusion according to the definition given above.
Method of calculation	<p>Numerator: total learner enrolment in public ordinary schools where there is at least one educator with specialist training on inclusion</p> <p>Denominator: total learner enrolment in public ordinary schools</p> <p>Multiply by 100</p>
Data limitations	Specialist qualification details might not be adequately specified/ documented.
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	To ensure that all learners in public ordinary schools have access to specialised learning support.
Indicator responsibility	<p>Directorate: Inclusive Education and Educational Support.</p> <p>Human Resources (HR)</p>

New MTSF aligned PPM

Indicator title	PPM 213: Percentage of learners who are in classes with no more than 45 learners.
Short definition	The total number of learners who are in classes with no more than 45 learners expressed as a percentage. "Classes" are defined as "Register Class".
Purpose/importance	To determine the extent of overcrowding in the classrooms
Policy linked to	South African Schools Act (SASA); School Post Provisioning Norms; Employment of Educators Act (EEA); Personnel Administration Measure (PAM); and Infrastructure Norms and Standards.
Source/collection of data	Class lists of registered classes Signed off declaration by Principal (manual/electronic)
Means of verification	Provincial data warehouse
Method of calculation	Numerator: total number of learners in register class size of no more than 45 learners. Denominator: total learner enrolment in public schools. Multiply by 100
Data limitations	The data may not be current/up to date
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	To prevent overcrowding and to provide adequate classroom space.
Indicator responsibility	Directorates: MIT

New MTSF aligned PPM

Indicator Title	PPM 214: Percentage of learners provided with required textbooks in all grades and in all subjects per annum
Short definition	The indicator is about tracking if each learner is in possession of a textbook in each subject in all grades whether printed textbook or e-textbook.
Purpose/importance	To ensure that each learner has a textbook for every subject.
Policy linked to	South African Schools Act (SASA); CAPS; and Norms and Standards for funding.
Source/collection of data	Primary Source: SAMS records (e.g. retrieval/ordering)/ record of learner level distribution list/issuing register/ordering electronic system.
Means of verification	SAMS retrieval system/ record of learner level distribution list/issuing register/ordering electronic system Invoices/ order slips/ delivery notes/ records of the procurement of textbooks.
Method of calculation	Numerator: total number of learners that have received textbooks for all subjects Denominator: total number of learners Multiply by 100
Data limitations	Not all schools will complete the book retrieval module on SAMS; The data regarding stock on hand will not be "absolute", given book loss, damage etc.; Orders placed not for sufficient numbers of books; and Invoice notes not retained.
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	To ensure that all learners have textbooks for all subjects.
Indicator responsibility	Directorates: Procurement and LTSM

New MTSF aligned PPM

Indicator Title	PPM 215: Number and percentage of learners who complete the whole curriculum each year.
Short definition	To measure the percentage of learners who cover everything in the curriculum for the current year on the basis of sample-based evaluations of records kept by teachers and evidence of practical exercises done by learners in identified subjects and grades. Monitoring of curriculum coverage will be done in Grades 3, 6, 9 and 12 for Mathematics and the Language of Learning and Teaching (LoLT).
Purpose/importance	The core business of the Department of Education is to deliver the curriculum to learners in all grades required by the Curriculum and Assessment Policy Statement (CAPS). Monitoring of curriculum coverage is done by instructional leadership at schools, subject advisors and Circuit Managers.
Policy linked to	SASA; MTSF; and CAPS
Source/collection of data	Primary source: identified learner and teacher portfolios b Secondary source: Records of Circuit Managers and Subject Advisers of curriculum coverage in the identified schools, according to the benchmarks set in CAPS in identified subjects and grades.
Means of verification	School Based Assessment (SBA) moderation reports of identified learners in sampled schools. Records of Circuit Managers and Subject Advisers of curriculum coverage, signed off by the district official and school
Method of calculation	Numerator: total number of learners in identified schools that covered the curriculum in the identified subjects and grades Denominator: total number of all learners in identified schools, subjects and grades Multiply by 100
Data limitations	Unreliable flow of data
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All schools have covered the curriculum in all grades and subjects as required by CAPS
Indicator responsibility	Directorate: Curriculum and Districts

New MTSF aligned PPM

Indicator title	PPM 216: Percentage of learners in schools that are funded at a minimum level.
Short definition	This indicator measures the total number of learners funded at a minimum level expressed as a percentage of the total number of learners in ordinary public schools.
Purpose/importance	To improve access to education.
Policy linked to	Amended National Norms and Standards for School Funding /adequacy allocation for learners.
Source/collection of data	School Funding Norms and Standards database.
Means of verification	Budget transfer documents (these documents list schools, number of learners and budget allocation per learner).
Method of calculation	Numerator: total number of learners enrolled at ordinary public schools that received their subsidies at or above the nationally determined per-learner adequacy amount Denominator: total number of learners enrolled in ordinary public schools Multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All qualifying schools to be funded according to the minimum standards for public school funding.
Indicator responsibility	Office of the Chief Financial Officer (CFO).

Provincial Programme Performance Indicators

Indicator title	PPI2.1: Number of educators upgrading towards minimum qualification REQV 14
Short definition	Number of educators upgraded to REQV 14 annually. Minimum requirement for the teaching profession is matric plus 4. REQV 14 refers to matric plus 4 years of tertiary education (qualification).
Purpose/importance	To ensure that all educators that are already in the system meet the REQV 14 requirement
Policy linked to	Schooling 2030, Human Resource Development Strategy, NDP
Source/collection of data	Provincial Programme Coordinator (Teacher Education Development and HRD database)
Means of verification	Attendance registers of beneficiaries; institution's admission letters
Method of calculation	Simple Count according to the number of educators that have been registered and completed courses to that effect in the current financial year.
Data limitations	None
Type of indicator	Quality
Calculation type	Non-cumulative
Reporting cycle	Annually
New indicator	No
Desired performance	To ensure that all educators have the minimum qualification requirement with is REQV14
Indicator responsibility	Teacher Development and Governance and Human Resource Development directorates
Indicator title	PPI2.2: Number of educators capacitated on ACT: Maths and Sciences
Short definition	To measure the number of educators to be upgraded annually on the Advanced Certificate in Maths and Science. Teacher training and development is one of the top priorities in South African education guided and supported by the Strategic Planning Framework for Teacher Education and Development. Teachers are expected to complete courses aimed at improving their content knowledge.
Purpose/importance	To equip educators with the requisite skills in key subjects in order to improve learner performance in the current financial year
Policy linked to	Schooling 2025, Human Resource Development Strategy, NDP
Source/collection of data	Provincial Programme Coordinator (Teacher Education Development and HRD database)
Means of verification	Attendance registers of beneficiaries; institution's admission letters
Method of calculation	Simple Count according to the number of educators that have been registered and completed courses to that effect
Data limitations	None
Type of indicator	Quality
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To improve learner performance in key subjects
Indicator responsibility	Teacher Development and Governance and Human Resource Development directorates
Indicator title	PPI2.3: Number of school managers registered for the ACT: School Leadership Programme
Short definition	Number of managers registered and completed ACT: School Leadership Programme annually. School Managers refers to all school management teams (i.e. HODs, Deputy Principals and Principals)
Purpose/importance	To equip school management teams with the requisite management and leadership skills to improve the overall management of schools in the current financial year.
Policy linked to	Schooling 2025, HRDS &, NDP
Source/collection of data	Programme Coordinator's database (Teacher Education Development and HRD database)
Means of verification	Attendance registers of beneficiaries; institution's admission letters (incl. Name of beneficiary, PERSAL No or ID No. & work station)
Method of calculation	Simple Count according to the number of educators that have been registered and completed courses to that effect
Data limitations	None
Type of indicator	Quality
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To improve the overall school management and functionality
Indicator responsibility	Teacher Development and Governance and Human Resource Development directorates

Indicator title	PPI2.4: Number of Schools with functional School Safety Committees
Short definition	School safety committee are deemed functional through training of school safety committee members annually on their roles and responsibilities. They must be able to develop and implement school safety policy at a school level. A School Safety Committee Member refers to a member of a particular school teaching staff or member of a community who has been nominated to serve on a School Safety Committee which has the responsibility of ensuring that the learning and teaching environment is safe.
Purpose/importance	To ensure that each school has a school safety committee in order to promote learner safety in the current financial year
Policy linked to	Schooling 2030 & NDP
Source/collection of data	Provincial Programme Coordinator (School Safety database)
Means of verification	Attendance Registers during contact sessions (incl. Name of beneficiary, name of institution and workstation) & monitoring tools
Method of calculation	Simple count according to the attendance registers & monitoring tools
Data limitations	None
Type of indicator	Access
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To provide a conducive environment for teaching and learning
Indicator responsibility	Teacher Development and Governance directorate
Indicator title	PPI2.5: Number of learners benefitting from the National School Nutrition Programme
Short definition	Number of learners attending public ordinary schools with access to the National School Nutrition Programme (NSNP); NSNP provide nutritious meals to needy learners in Quintile 1, 2, & 3 schools.
Purpose/importance	To measure access to free healthy meals at school. NSNP is a school feeding program introduced to improve learner health and performance by providing nutrition for poor learners. Quintile 1 to 3 schools are eligible for the grant
Policy linked to	Health promotion and improving learner performance
Source/collection of data	EMIS Database or National School Nutrition Programme database
Means of verification	Declarations signed-off by principals when they submit completed survey forms or electronic databases and co-signed by the Circuit and District Managers (electronic or hardcopy)
Method of calculation	Count and record all learners with access to the NSNP
Data limitations	Completeness and accuracy of survey forms or electronic databases from schools
Mitigation	Quality assurance of data throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly (for annual report province may use average across the financial year)
New indicator	No
Desired performance	All deserving learners to have access to the National School Nutrition Programme
Indicator responsibility	Curriculum Enrichment Directorate

PROGRAMME 3 (INDEPENDENT SCHOOL)

Indicator title	PPM301: Percentage of registered independent schools receiving subsidies
Short definition	<p>Number of registered independent schools that are subsidised expressed as a percentage of the total number of registered independent schools.</p> <p>Independent Schools: schools registered or deemed to be independent in terms of the South African Schools Act (SASA). Funds are transferred to registered independent schools that have applied and qualified for government subsidies for learners in their schools.</p>
Purpose/importance	To improve access to education in the current financial year.
Policy linked to	Compliance with school funding norms and standards for independent schools
Source/collection of data	School Funding Norms and standards database
Means of verification	Budget transfer documents (these documents list schools, number of learners and budget allocation).
Method of calculation	Divide the total number of registered independent schools that are subsidised by the total number of registered independent schools and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All qualifying independent schools to be subsidised and that subsidised independent schools must adhere to minimum standards for regulating Independent schools.
Indicator responsibility	FET Directorate
Indicator title	PPM302: Number of subsidised learners in registered independent schools
Short definition	<p>Independent Schools: schools registered or deemed to be independent in terms of the South African Schools Act (SASA). Funds are transferred to registered independent schools that have applied and qualified for government subsidies for learners in their schools.</p>
Purpose/importance	To improve access to education in current financial year.
Policy linked to	Compliance with school funding norms and standards for independent schools
Source/collection of data	School Funding Norms and standards database
Means of verification	Budget transfer documents (these documents list schools, number of learners and budget allocation).
Method of calculation	Count the total number of learners in independent schools that are subsidised
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All learners in qualifying independent schools to be subsidised and that subsidised independent schools must adhere to minimum standards for regulating Independent schools.
Indicator responsibility	FET Directorate

Indicator title	PPM303: Percentage of registered independent schools visited for monitoring and support
Short definition	Number of registered independent schools visited by provincial education department officials for monitoring and support purposes expressed as a percentage of the total number of registered independent schools. These school visits by Circuit Managers, Subject Advisors and any official from the Department for monitoring and support
Purpose/importance	To measure monitoring and oversight of independent schools by provincial education departments in the current financial year.
Policy linked to	SASA and MTSF
Source/collection of data	Provincial education department officials, Circuit Managers and Subject Advisers signed school schedule and school visitor records or school visit form.
Means of verification	Provincial education departments reports on the number of independent schools visited
Method of calculation	Divide the number of registered independent schools visited by provincial education department officials for monitoring and support purposes by the total number of registered independent schools.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All registered independent schools to be visited by provincial education departments for oversight, monitoring, support and liaison purposes at least once a year.
Indicator responsibility	FET Directorate

PROGRAMME 4 (Special Schools)

Indicator title	PPM401: Percentage of special schools serving as Resource Centres
Short definition	Education White Paper 6 speaks of the “qualitative improvements of special schools for the learners that they serve and their phased conversion to special school resource centres that provided special support to neighbouring schools and are integrated into district based support team”.
Purpose/importance	To measure support that the special schools resource centres offer to mainstream and full service schools as a lever in establishing an inclusive education system in the current financial year.
Policy linkage	White Paper 6 and Guidelines to Ensure Quality Education and Support in Special Schools and Special School Resource Centres
Source/collection of data	Inclusive education database
Means of verification	List of Special school serving as resource centres
Method of calculation	Divide the number of special schools serving as resource centres by the total number of specials schools and multiply by 100.
Data limitations	None
Mitigation	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All special schools to serve as resource centres
Indicator responsibility	Inclusive Education Directorate
Indicator title	PPM402: Number of learners in public special schools
Short definition	Number of learners enrolled in special schools. Special School: Schools resourced to deliver education to learners requiring high-intensity educational and other support on either a full-time or a part-time basis. The learners who attend these schools include those who have physical, intellectual or sensory disabilities or serious behaviour and/or emotional problems, and those who are in conflict with the law or whose health-care needs are complex.
Purpose/importance	To measure access to education for special needs children, to provide information for planning and support for special schools purposes in the current financial year.
Policy linkage	White Paper 6
Source/collection of data	Provincial EMIS database, SA SAMS database as per LURITS downloads, database of third party system (admin system)
Means of verification	Declarations signed-off by principals when they submit completed survey forms or electronic databases and co-signed by the Circuit and District Managers (electronic or hardcopy)
Method of calculation	Count and record the total number of learners enrolled in public Special Schools.
Data limitations	Completeness and accuracy of survey forms or electronic databases from schools
Mitigation	Capacitate school administrators and principals on SA SAMS Quality assure the capturing throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All learners with physical, intellectual or sensory disabilities or serious behaviour and/or emotional problems, and those who are in conflict with the law or whose health-care needs are complex to attend special schools.
Indicator responsibility	Inclusive Education Directorate

Indicator title	PPM403: Number of therapists /specialists staff in special schools
Short definition	Total number of professional non-educator/specialist staff employed in public special schools. Professional non-educator staffs are personnel who are classified as paramedics, social workers, therapists, nurses but are not educators. Note that although therapists, counsellors and psychologists are appointed in terms of the Employment of Educators Act these should all be included in the total.
Purpose/importance	To measure professional support given to learners and educators in public special schools
Policy linkage	White Paper 6
Source/collection of data	Employment files and PERSAL Database
Means of verification	PERSAL Database and Employment files
Method of calculation	Count and record the total number of professional non-educator staff (social workers, therapists, nurses, psychologist, counsellors, etc) employed in public special schools.
Data limitations	Completeness and accuracy of PERSAL information
Mitigation	Quality assure / review the capturing throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All public special schools to have the requisite number of school based professionals staff
Indicator responsibility	Human Resources Provisioning
Programme Performance Indicators	
Indicator title	PPI 4.1: Number of educators employed in public special schools
Short definition	Total number of educators employed in public special schools. Educator: refers to any person, who teaches, educates or trains other persons or who provides professional educational services (including temporary, substitute etc.). It excludes non-educator staff. Note that although therapists, counsellors and psychologists are appointed (employed) in terms of the Employment of Educators Act they should be excluded in the total.
Purpose/importance	To be able to measure expenditure on personnel and to ensure that there are sufficient educators in special schools in line with the requisite teacher: learner ratio.
Policy linkage	White Paper 6
Source/collection of data	Employment files and PERSAL Database
Means of verification	PERSAL Database and Employment files
Method of calculation	Count and record the total number of educators in public special schools who are registered in the PERSAL system excluding non-educator staff.
Data limitations	Completeness and accuracy of PERSAL information
Mitigation	Quality assure / review the capturing throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All public special schools to have the requisite number of educators employed in line with learner enrolment in the public special schools.
Indicator responsibility	Human Resources Provisioning

Indicator title	PPI4.2: Number of special schools monitored for curriculum delivery
Short definition	To measure the number of special schools monitored for curriculum delivery in planned financial year in order to determine compliance to departmental policies and also identify challenges.
Purpose/importance	To monitor schools for compliance with White Paper No.6 in the current financial year.
Policy linked to	White Paper No. 6
Source/collection of data	Provincial Programme Manager database
Means of verification	Instruments used during visits (incl. Name of school, sign offs, EMIS no. & school stamp
Method of calculation	Simple count (according to the monitoring instruments)
Data limitations	None
Type of indicator	Quality
Calculation type	Cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	To improve the quality of basic education in special schools
Indicator responsibility	Inclusive Education Directorate

PROGRAMME 5 (ECD)

Indicator title	PPM501: Number of public schools that offer Grade R
Short definition	Total number of schools that offer Grade R both in public and special schools. This measure will give an indication as to whether there is growth with regard to the number of schools that offer Grade R in line with the available resources.
Purpose/importance	To measure the expansion and provision of Grade R in public schools in the current financial year.
Policy linked to	White Paper 5
Source/collection of data	Provincial EMIS database, SA SAMS database as per LURITS downloads, database of third party system (admin system)
Means of verification	Signed-off declaration by Principal and completed annual survey (electronic or hardcopy)
Method of calculation	Record the number of public schools (ordinary and special) that offer Grade R
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All public schools with Grade 1 to offer Grade R. target for the year to be met
Indicator responsibility	EMIS Directorate and GET Directorate
Indicator title	PPM502: Percentage of Grade 1 learners who have received formal Grade R education
Short definition	Number of Grade 1 learners who have attended Grade R expressed as a percentage of total number of learner enrolled in Grade 1 for the first time excluding learners who are repeating.
Purpose/importance	This indicator measures the readiness of learners entering the schooling system and assesses children who are exposed to Early Childhood Development stimuli in the current financial year.
Policy linked to	White Paper 5 and MTSF
Source/collection of data	Provincial EMIS database, SA SAMS database as per LURITS downloads, database of third party system (admin system)
Means of verification	Completed survey and Signed-off declaration by Principal (electronic or hardcopy)
Method of calculation	Divide the number of learners enrolled in public ordinary schools in Grade R by the total number of learners enrolled in Grade 1 for the first time excluding learners who are repeating and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All eligible children to attend Grade R in a given year. Target for the year to be met.
Indicator responsibility	EMIS Directorate and GET directorate

Indicator Title	PPM503: Number and percentage of Grade R practitioners with NQF level 6 and above qualification each year.
Short definition	To determine the percentage of Grade R practitioners, with NQF Level 6, teaching in public schools in the province in line with the professionalization of the ECD sector.
Purpose/importance	To have more Grade R practitioners with NQF Level 6 and above teaching Grade R in public schools and thereby improving the quality of teaching and learning.
Policy linked to	White Paper 5 on ECD; and MTSF
Source/collection of data	PERSAL records and files or Provincial records.
Means of verification	List of Grade R practitioners who teach Grade R in the province and their qualifications.
Method of calculation	Numerator: total number of practitioners with NQF 6 qualifications and above Denominator: total number of Grade R practitioners in public schools. Multiply by 100
Data limitations	Incomplete PERSAL files and records; SGBs appoint these practitioners and they may not always adhere to procedures as expected; and Primary data sources i.e. copies of qualifications may not be on file in these cases.
Type of indicator	Input
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	To increase the Percentage of employed Grade R practitioners with NQF Level 6 and above.
Indicator responsibility	Directorate: Human Resources Provisioning

Provincial Programme Performance Indicators	
Indicator title	PPI5.1: Number of learners enrolled in Grade R in public schools
Short definition	Record the total number of learners enrolled in Grade R in public schools (both ordinary and special schools). Grade R - the reception year for a learner in public school, that is, the grade immediately before Grade 1.
Purpose/importance	To measure readiness of learners for Grade 1 in the current financial year.
Policy linked to	White Paper 5
Source/collection of data	Provincial EMIS database, SA SAMS database as per LURITS downloads, database of third party system (admin system)
Means of verification	Signed-off declaration by Principal (electronic or hardcopy)
Method of calculation	Count and record all learners enrolled in public ordinary schools in Grade R
Data limitations	Completeness and accuracy of EMIS database
Mitigation	Quality assurance of data throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All eligible children to attend Grade R in a given year
Indicator responsibility	EMIS Directorate

Indicator title	PPI5.2: Number of Grade R practitioners employed in public ordinary schools per quarter
Short definition	Total number of Grade R practitioners that are employed in public ordinary schools per quarter. Early childhood development (ECD) practitioners are defined as formally and non-formally trained individuals providing an educational service in ECD including persons currently covered by the Educators' Employment Act, 1994 (Act No. 138 of 1994).
Purpose/importance	This indicator assists in measuring the quality provision of ECD programme in public schools in the current financial year.
Policy linked to	White Paper 5, SASA
Source/collection of data	Human Resource and Management database/ ECD Programme database/ PERSAL
Means of verification	List of Grade R practitioners and HR employment files
Method of calculation	Count and record the total number of ECD practitioners employed by the Department of Education for teaching Grade R.
Data limitations	Completeness and accuracy of HR database
Mitigation	Quality assurance of data throughout the line function
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Quarterly
New indicator	No
Desired performance	All Grade R classes in public schools should have Grade R practitioner in line with the Norms and Standards.
Indicator responsibility	Human Resources Provisioning

PROGRAMME 6

Indicator title	PPM601: Number of public ordinary schools provided with water supply
Short definition	Total number of public ordinary schools provided with water. This includes water tanks or boreholes or tap water. This measure applies to existing schools and excludes new schools.
Purpose/importance	To measure the plan to provide access to water in the year concerned in the current financial year.
Policy linked to	School Infrastructure Provision
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Record all public ordinary schools that have been provided with running water.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools to have access to running water. Target for the year to be met
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate
Indicator title	PPM602: Number of public ordinary schools provided with electricity supply
Short definition	Total number of public ordinary schools provided with electricity. This measure applies to existing schools and excludes new schools. Definition: School with electricity refers to schools that have any source of electricity including Eskom Grid, solar panels and generators.
Purpose/importance	To measure access to electricity in the current financial year.
Policy linked to	School Infrastructure Provision
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Record all public ordinary schools that were provided with electricity.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools to have access to electricity. Target for the year to be met.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM603: Number of public ordinary schools supplied with sanitation facilities
Short definition	Total number of public ordinary schools provided with sanitation facilities. This measure applies to existing schools and excludes new schools. Sanitation facility: Refers to all kinds of toilets such as: pit latrine with ventilated pipe at the back of the toilet, Septic Flush, Municipal Flush, Enviro Loo and Chemical.
Purpose/importance	To measure access to sanitation facilities in the financial year.
Policy linked to	School Infrastructure Provision
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Record all public ordinary schools provided with sanitation facilities
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools to have access to sanitation facilities. Target for the year to meet.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate
Indicator title	PPM604: Number of additional classrooms built in, or provided for, existing public ordinary schools (includes replacement schools)
Short definition	Number of classrooms expected built and provided to public ordinary schools. These include additional classrooms or mobile classes in existing schools and new schools. Classrooms: Rooms where teaching and learning occurs, but which are not designed for special instructional activities. This indicator excludes specialist rooms.
Purpose/importance	To measure access to the appropriate learning environment and infrastructure in schools in the current financial year.
Policy linked to	Guidelines on School Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Record the total number of classrooms built
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools to have adequate classrooms. Target for the year to be met.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM605: Number of additional specialist rooms built in public ordinary schools (includes in replacement schools)
Short definition	Total number of specialist rooms built in public ordinary schools. These include additional specialist rooms in the existing schools and new schools. Specialist room is defined as a room equipped according to the requirements of the curriculum. Examples: technical drawing room, music room, metalwork room. It excludes administrative offices and classrooms (as defined in PPM 604) and includes rooms such as laboratories.
Purpose/importance	To measure availability and provision of specialist rooms in schools in order to provide the appropriate environment for subject specialisation through the curriculum in the current financial year.
Policy linked to	Guidelines on School Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Record the total number of specialist rooms built
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools to have libraries, resource centre etc. target for the year to be met.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM606: Number of new schools completed and ready for occupation (includes replacement schools)
Short definition	Total number of public ordinary schools built in a given year. These include both new and replacement schools built and completed through Accelerated School Infrastructure Development Initiative (ASIDI) programme or through Education Infrastructure Grant or Equitable Share.
Purpose/importance	To measure access to education through provision of appropriate school infrastructure in the current financial year.
Policy linked to	Guidelines on School Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion certificates and happy letters from schools
Method of calculation	Count the total number of new schools completed
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	Yes
Desired performance	All children to have access to public ordinary schools with basic services and appropriate infrastructure. Target for the year to be met.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM607: Number of new schools under construction (includes replacement schools)
Short definition	Total number of public ordinary schools under construction includes replacement and schools and schools being built through Accelerated School Infrastructure Development Initiative (ASIDI) programme or Education Infrastructure Grant or Equitable Share. Under-construction means any kind of work started towards building a school such as laying of a building foundation.
Purpose/importance	To measure availability and provision of education through provision of more schools in order to provide the appropriate learning and teaching in the current financial year.
Policy linked to	Guidelines on School Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Site handover certificate, Procurement Documents and monitoring tools
Method of calculation	Record the total number of schools under construction including replacement schools
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative (<i>this is a cumulative indicators but because it is reported annually it becomes non-cumulative</i>)
Reporting cycle	Annual
New indicator	No
Desired performance	Public ordinary schools to cater for learner numbers and meet required standards. In the year concerned the building targets should be met so there are no lags in the provision of adequate accommodation.
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM608: Number of Grade R classrooms built (includes those in replacement schools)
Short definition	To measure the total number of specialised classrooms built to accommodate Grade R learners in line Norms and Standards for Infrastructure Development.
Purpose/importance	To measure expansion of the provision of early childhood development in line with universalisation of ECD
Policy linked to	Guidelines on Schools Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion Certificate and Happy Letters from schools
Method of calculation	Record the total number of Grade R classrooms built
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All public ordinary schools with Grade 1 to have a Grade R classroom(s).
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

Indicator title	PPM609: Number of hostels built
Short definition	Number of hostels / boarding schools built in the public ordinary schools in order to improve access to education facilities and provide a conducive learning environment
Purpose/importance	To measure access to education for learners who travel long distances
Policy linked to	Guidelines on Schools Infrastructure
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Completion Certificate, monitoring tools and happy letters
Method of calculation	Count the total number of hostels built in public ordinary schools
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	All children to have access to education regardless of geographical location
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate
<hr/>	
Indicator title	PPM610: Number of schools where scheduled maintenance projects were completed
Short definition	The South African Schools Act (SASA), No 84 of 1999 defines the roles of the Department of Basic Education (Provincial, District, Circuit, Schools Governing Body and Schools Principal) to maintain and improve the schools' property and buildings and grounds occupied by the schools, including schools' hostels.
Purpose/importance	Routine maintenance of schools' facilities in our country is generally unacceptable, resulting in further deterioration over time. The on-going neglect exposes learners to danger, de-motivates educators and cost the state more and more over time as buildings collapse.
Policy linked to	SASA
Source/collection of data	EFMS (Infrastructure database)
Means of verification	Database of schools undergoing scheduled maintenance, monitoring tools, happy letters
Method of calculation	Record total number of schools undergoing scheduled maintenance
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	Schools to be conducive for learning and teaching
Indicator responsibility	Physical Resource and Facility Planning Chief Directorate

PROGRAMME 7	
Indicator title	PPM 701: Percentage of learners who passed National Senior Certificate (NSC)
Short definition	Total number of NSC learners who passed in the National Senior Certificate (NSC) examination expressed as a total number of learners who wrote the National Senior Certificate.
Purpose/importance	To measure the efficiency of the schooling system in the current financial year.
Policy linked to	MTSF and Examinations and Assessments
Source/collection of data	NSC database, Provincial database to Mirror National database and technical reports
Means of verification	List of NSC learners (Results Schedule)
Method of calculation	Divide the number of learners who passed NSC examinations by the total number of learners who wrote the national Senior Certificate (NSC) and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To increase the number of Grade 12 learners that are passing the NSC examinations.
Indicator responsibility	Public Examinations Directorate
Indicator title	PPM 702: Percentage of Grade 12 learners passing at bachelor level
Short definition	Number of learners who obtained Bachelor passes in the National Senior Certificate (NSC). Bachelor passes enables NSC graduates to enroll for degree courses in universities expressed as a total number of learners who wrote NSC examinations.
Purpose/importance	To measure quality aspects of NSC passes in the current financial year.
Policy linked to	MTSF and Examinations and Assessments
Source/collection of data	NSC database, Provincial database to Mirror National database
Means of verification	List of NSC learners (Results Schedule)
Method of calculation	Divide the number of Grade 12 learners who achieved a Bachelor pass in the National Senior Certificate by the total number of Grade 12 learners who wrote NSC examinations.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To increase the percentage of learners who are achieving Bachelor passes in the NSC examinations
Indicator responsibility	Public Examinations Directorate

Indicator title	PPM 703: Percentage of Grade 12 learners achieving 50% or more in Mathematics
Short definition	Number of Grade 12 learners passing Mathematics with 50% or above in the NSC examinations expressed as a total number of learners who wrote Mathematics in the NSC examinations.
Purpose/importance	To measure efficiency in the schooling system with a focus on Mathematics as a key gateway subject in the current financial year.
Policy linked to	MTSF and Examinations and Assessments
Source/collection of data	NSC database, Provincial database to Mirror National database
Means of verification	List of NSC learners (Results Schedule)
Method of calculation	Divide number of Grade 12 learners who passed Mathematics in the National Senior Certificate with 50% and more by the total number of learners who wrote Mathematics in the NSC examinations and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To increase the number of NSC learners who are passing Mathematics with 50% and above
Indicator responsibility	Public Examinations Directorate
Indicator title	PPM 704: Percentage of Grade 12 learners achieving 50% or more in Physical Science
Short definition	Number of Grade 12 learners passing Physical Science with 50% or more in the NSC examinations expressed as a total number of learners who wrote Physical Science in the NSC examinations.
Purpose/importance	To measure efficiency in the schooling system with a focus on Physical Science as a key gateway subject in the current financial year.
Policy linked to	MTSF and Examinations and Assessments
Source/collection of data	NSC database, Provincial database to Mirror National database
Means of verification	List of NSC learners (Results Schedule)
Method of calculation	Divide number of Grade 12 learners who passed Physical Science in the National Senior Certificate with 50% and above by the total number of learners who wrote Physical Science in the NSC examinations and multiply by 100.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	No
Desired performance	To increase the number of NSC learners who are passing Physical Science at 50% and above
Indicator responsibility	Public Examinations Directorate

Indicator title	PPM705: Number of secondary schools with National Senior Certificate (NSC) pass rate of 60% and above
Short definition	Total number of secondary schools that have achieved an average pass rate of 60% and above in the National Senior Certificate (NSC).
Purpose/importance	This indicator measures the quality of NSC passes as the sector wants to ensure that more Grade 12 learners obtain a NSC qualification in the current financial year.
Policy linked to	Action Plan to 2019 and CAPS
Source/collection of data	National Senior Certificate database, Provincial Examinations and Assessment Database; NSC results as calculated by DBE
Means of verification	National Senior Certificate database
Method of calculation	Record the total number of schools with an average pass rate of 60% and above in the NSC examinations. To get the overall pass per school: Divide the number of learners who achieved NSC per school by the total number of learners who wrote the NSC per school in the same year. This applies to grade 12 learners.
Data limitations	None
Type of indicator	Output
Calculation type	Non-cumulative
Reporting cycle	Annual
New indicator	Yes
Desired performance	All public ordinary school to perform at 60% and above in the NSC
Indicator responsibility	Public Examinations Directorate
Indicator title	PPI7.1: Number of students awarded with bursaries to address scarce and critical skills shortage
Short definition	Total number of bursaries awarded to external client (incl. out of school youth who passed Gr. 12) to pursue their studies with High Education Institutions in scarce and critical skills as described in the provincial HRDS.
Purpose/importance	To address the shortage of scarce and critical skills in the current financial year.
Policy linked to	Provincial Bursary Policy , Skills Development Act and Skills Levies Act
Source/collection of data	Database of awarded bursaries
Means of verification	Approved list of awarded, application form
Method of calculation	Simple count
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	Bridge the gap of critical and scarce skills in the province
Indicator responsibility	Transversal HRD

Indicator title	PPI7.2: Number of bursaries awarded to employees
Short definition	To measure the total number of bursaries awarded to employees in line with the identified systemic challenges including addressing personal & organisational growth and development
Purpose/importance	To capacitate employee in order to increase the competency levels of the work force in the current financial year.
Policy linked to	Provincial Bursary Policy
Source/collection of data	Database of awarded bursaries
Means of verification	Approved list of awarding
Method of calculation	Simple count
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	A competent workforce that responds to the systemic needs of province
Indicator responsibility	Transversal HRD
<hr/>	
Indicator title	PPI7.3: Number of bursary holders who complete their study programmes successfully
Short definition	Total number of bursary holders both internal and external who will complete their studies by the end of a particular financial (year under review).
Purpose/importance	To increase the competency levels within the province in the current financial year
Policy linked to	Provincial Bursary Policy
Source/collection of data	Institutions of Higher Learning
Means of verification	Learners' Academic Record
Method of calculation	Simple count
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	Bridge the gap of critical and scarce skills in the province to improve economic conditions
Indicator responsibility	Transversal HRD
Indicator title	PPI7.4: Number of learners on learnership and internship programmes
Short definition	Placement of learners in learnership and internship programmes
Purpose/importance	To provide work exposure to unemployed youth and graduates and to increase their chances of employability in the current financial year
Policy linked to	Skills Development Act, National learnerships and internship guide, National determination for learnerships and internship programmes
Source/collection of data	Database of learners and graduates
Means of verification	Total number of students placed in learnerships and internship programmes – departmental records
Method of calculation	Simple count, number of learners and graduates placed within provincial departments
Data limitations	None
Type of indicator	Output
Calculation type	None cumulative
Reporting cycle	Annually
New indicator	Yes
Desired performance	To improve chances of employment for learners and graduates
Indicator responsibility	Transversal HRD

Indicator title	PPI7.5 Number of teachers and learners trained on care and support programmes
Short definition	Total number of teachers and learners trained on care and support programmes in a particular year in line with SA HIV prevention strategy, in order to make informed decisions regarding their health. Training programmes includes peer education, TB
Purpose/importance	To capacitate learners and teachers on HIV and Aids related programmes which will equips them with skills to make informed decision regarding their health in the current financial year.
Policy linked to	SA HIV prevention strategy, NDP
Source/collection of data	Life Skills, HIV and database of trained teachers and learners
Means of verification	Attendance registers
Method of calculation	Simple count
Data limitations	None
Type of indicator	Output
Calculation type	Cumulative
Reporting cycle	Quarterly
New indicator	New
Desired performance	To curb the infection rate and support those affected by the HIV and AIDS amongst teachers and learners
Indicator responsibility	Life Skills HIV and AIDS sub-directorate

7. APPENDIX D

CHANGES TO THE 5 YEAR STRATEGIC PLAN 2015 – 2020

Programme 1

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Evidence based planning and reporting
Objective Statement	Streamline systems and procedures for evidence based planning and reporting in line with regulatory frameworks towards the achievement of 80% of targets by 2020
Baseline	59% of targets achieved in 2013/14

Adjusted in the 2018/19 Annual Performance Plan

Strategic Objective	Evidence based planning and reporting
Objective Statement	Streamline systems and procedures for evidence based planning and reporting in line with regulatory frameworks towards the achievement of 75% of targets by 2020
Baseline	59% of targets achieved in 2013/14

Programme 2

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Increase Grade 10 Maths and Science uptake
Objective Statement	Increase the uptake of maths and science at grade 10 to 60 000 for Maths and 50 000 for Physical Science by 2020
Baseline	30 113 Maths (2014) 22 577 Physical Science

Adjusted in the 2018/19 Annual Performance Plan

Strategic Objective	Increase Grade 10 Maths and Science uptake
Objective Statement	Increase the uptake of maths and science at grade 10 to 53 812 Math and 45 806 Physical Science by 2020
Baseline	30 113 Maths (2014) 22 577 Physical Science

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Increase Maths Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Mathematics from 21.1% to 60% by 2020
Baseline	21.1% Maths (2014)

Adjusted in the 2018/19 Annual Performance Plan

Strategic Objective	Increase Maths Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Mathematics from 21.1% to 28% by 2020
Baseline	21.1% Maths (2014)

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Increase Physical Science Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Physical Science from 20.2% to 60% in Physical Science by 2020
Baseline	20.2% Physical Science (2014)

Adjusted in the 2018/19 Annual Performance Plan

Strategic Objective	Increase Physical Science Passes
Objective Statement	Increase the percentage of grade 12 learners achieving 50% and more in Physical Science from 20.2% to 33% in Physical Science by 2020
Baseline	20.2% Physical Science (2014)

Programme 3

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Provide qualifying independent schools with subsidies
Objective Statement	Provide targeted qualifying independent schools with subsidies, correctly calculated and on time.
Baseline	28 Schools provided with subsidies (2013)

Corrected in the 2018/19 Annual Performance Plan

Strategic Objective	Provide qualifying independent schools with subsidies
Objective Statement	Provide 26 qualifying independent schools with subsidies, correctly calculated and on time by 2020.
Baseline	28 Schools provided with subsidies (2013)

Programme 5

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Expand access and quality provision in ECD
Objective Statement	Increase percentage of Gr. 1 entrants who attended Gr. R that are school ready to 99% by 2020
Baseline	87% have access (2013)

Corrected in the 2018/19 Annual Performance Plan

Strategic Objective	Expand access and quality provision in ECD
Objective Statement	Increase number of children accessing Gr. R services to 180 000 children by 2020
Baseline	165 379 children have access (2013)

Programme 5

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Equitable Education Opportunities
Objective Statement	Increase access to quality teaching and learning programmes and comprehensive therapeutic services for learners with special educational needs to 5 213 in special schools by 2020
Baseline	3 817 learners in special schools (2013)

Adjusted in the 2018/19 Annual Performance Plan

Strategic Objective	Equitable Education Opportunities
Objective Statement	Increase access to quality teaching and learning programmes and comprehensive therapeutic services for learners with special educational needs to 4 005 in special schools by 2020
Baseline	3 817 learners in special schools (2013)

Programme 6

Included in the 5 year (2015-2020) Strategic Plan

Strategic Objective	Eradicate maintenance backlog
Objective Statement	Increase the percentage of schools with conditions EFMS score/rating >4,5 (schools requiring minor maintenance) to 95% by 2020
Baseline	833 schools have a conditions EFMS rating of <3,5 (schools needing more than 45% building replacement)

Corrected in the 2018/19 Annual Performance Plan

Strategic Objective	Eradicate maintenance backlog
Objective Statement	Increase the number of schools with conditions EFMS score/rating >4,5 (schools requiring minor maintenance) to 1 452 by 2020
Baseline	833 schools have a conditions EFMS rating of <3,5 (schools needing more than 45% building replacement)

NB: Strategic Objectives' targets have been adjusted in line with the past and current performance trends also taking into consideration financial and human resource capacity of the department.

8. APPENDIX E

DEPARTMENTAL INFRASTRUCTURE PLAN
