MPUMALANGA PROVINCE
REPUBLIC OF SOUTH AFRICA

2014 Grade 12 Examinations Statistical Report

The department hereby releases the statistical report on the grade 12 class of 2014.

This report outlines the provincial performance analysis including the performance of our districts, circuits, municipalities and schools.

The data needs to be used by all stakeholders in their endeavour assist schools to sustain their improved performance trends.

I am humbled by the support we enjoyed from various stakeholders in our effort of ensuring that we don't witness a decline in our results.

The province has been on an upwards trend for six years since 2009 and we need to sustain this encouraging progress that we are making in the quality of education of our children.

All schools will be expected to set performance targets per subject per grade and utilize diagnostic reports, reviews as well as subject and learner profiles to inform their curriculum remedial action.
