MESSAGE BY HON. MEC MR. BA MAJUBA

The class of 2022 is a peculiar class in the context of the events that characterized their era of learning.

The events so abnormal in the history of our country that could have spelled unimaginable disaster had it not been for the proactive intervention and leadership provided by our government to education of this cohort.

This is an unparalleled contingent of learners who are characterized by resilience, courage and commitment in achieving their dreams.

This cohort of learners battled it all out through the trying and testing moments of the hard lockdown brought about by Covid-19 pandemic from 2020 through to 2021.

They missed so much of contact learning days and hours, but had to sacrifice in various extraordinary ways and methods to ready themselves to finally sit for their examinations in 2022.

The results are indicative of their efforts, those of teachers and our social partners and we are gratified to release the statistical report outlining the performance of the 2022 grade 12 class.

The continued support of all learners is a panacea for success.
