MEC MASINA TO ADDRESS THE NATIONAL ASSOCIATION FOR SCHOOL OF TECHNOLOGY CONFERENCE AT EMALAHLENI

The MEC for Education, Ms. Lindi Masina, will deliver a keynote address at the occasion of the National Association for Schools of Technology (NAST) conference on Wednesday, 15 July 2026 at HTS Witbank in the Emalahleni Local Municipality at 09H00.

This year's conference is organised under the theme; "Preparing Tomorrow Through Skills" reflecting a commitment to equipping learners with the necessary skills to thrive in an ever evolving world of technology.

The conference commenced on 14 July 2026 and will conclude on 17 July 2026.

The programme is featuring engaging and informative activities, including:
Expert Presentations:

Industry leaders and education specialists will share their knowledge on emerging trends and best practices in technical education.

Panel Discussions:

Interactive sessions featuring experts who will discuss key challenges and potential solutions in the field of technical training, allowing for diverse perspectives and dynamic exchanges of ideas.

Subject Sessions:

Focused workshops covering specific areas of interest, providing attendees with practical skills and strategies they can implement in their institutions.

Educational Excursions:

Opportunities for participants to visit model schools, training centers, and institutions renowned for their successful technical education programs, offering firsthand insights into effective practices.

Mpumalanga A Province that Works For All

Networking Opportunities: A chance to connect with national stakeholders, industry exhibitors, and peers, fostering relationships that can lead to future collaborations and partnerships.

This Conference will inspire and mobilise key stakeholders as they engage in discussions that will shape the future of technical education in the province.

By emphasising the importance of skill development and collaboration, this conference highlights the collective effort required to prepare the next generation for a successful future in the workforce.

The Media is invited to cover this significant event.
