

MEC's Message to the Class of 2010

“You will make it”, MEC for Education, Mrs Reginah Mhaule

The Department of Education extends best wishes to all learners who will participate in the final examinations this year. It is our conviction that you will do well given the amount of effort that the Department and stakeholders have made to create an enabling environment for the enhancement of your performance.

A special message goes to the 55 842 full time Grade 12 learners who must conduct themselves in a befitting manner so that the Province can reclaim its good image. Continue to burn the midnight oil and study hard to achieve outstanding pass rates.

Government's intention is to see all of you achieve the highest pass levels so that in turn you participate actively in the growth and development of our Country and Province in particular.

The events which unfolded this year must add courage in your quest to excel in these examinations. We remain optimistic that you have what it takes to make the grade.

The Department takes this time to thank all those who took advantage of the programmes set aside to assist learners in their studies. These programmes included the Winter Schools, Radio Lessons, Newspaper Study Materials, Dial-a-Tutor Programme, Saturday Classes, Spring Classes and participation in Learning Centres.

We must not forget to extend our profound appreciation to all role players who played a pivotal role in ensuring that these programmes are a success.

Let us continue to support the Class of 2010.

The Mpumalanga Department of Education will appreciate that the integrity and credibility, assessment procedures, processes and systems are kept intact and progress in a manner that we can all be proud of.

Once more, I take this time to wish you the best in your examinations.

MRS REGINAH MHAULE
